

# GO HEADSPACE GAUGES - CLYMER 22 LONG RIFLE GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

## Attributes

- Name: [CLYMER 22 LONG RIFLE GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100220
- Mfr. No.: GO22LR
- Cartridge: 22 Long Rifle,22 Bentz,22 Match,22 Short,22 Long
- Colour: Steel
- Height: 0.284"
- Length: 0.75"
- Material: Steel
- Model Number: 22 Long Rifle Go
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.284"
- Delivery weight: 0.005kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

# Safety Instruction Guide for HEADSPACE GAUGES GO CLYMER 22 LONG RIFLE GO GAUGE

## Introduction

Thank you for choosing the HEADSPACE GAUGES GO CLYMER 22 LONG RIFLE GO GAUGE. This product is essential for accurately measuring and testing the chamber length of your rifle, ensuring a safe and precise chambering when working with barrels. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always use the gauge in a welllit and safe environment.
- Ensure you are familiar with the operation of your rifle before using this gauge.
- Keep the gauge out of reach of children and vulnerable individuals.
- Do not attempt to modify or alter the gauge in any way.
- Regularly check for wear and tear on the gauge to maintain accuracy and safety.
- If you suspect the gauge is damaged or malfunctioning, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Before using the gauge, ensure the rifle is unloaded and pointed in a safe direction.
- Always wear appropriate eye protection when measuring headspace.
- Use the gauge as intended; do not use it for any other purpose.
- Follow the manufacturer's guidelines for the specific caliber and gauge style being used.
- Be aware of the different cartridges compatible with this gauge:
  - 22 Long Rifle
  - 22 Short
  - 22 Long
  - 22 Bentz
  - 22 Match
- Understand the implications of using "Go" and "NoGo" gauges for proper chambering.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the rifle is unloaded and in a safe condition.
- Gather all necessary tools and materials for measuring headspace.

### 2. Using the Gauge:

- Insert the "Go" gauge into the chamber of the rifle.
- Attempt to close the bolt on the gauge:
  - If the bolt closes easily, the chamber is within acceptable limits.
  - If the bolt does not close, the chamber may be too short.
- Remove the "Go" gauge and insert the "NoGo" gauge.
- Attempt to close the bolt:
  - If the bolt closes, the chamber may be too long.
  - If the bolt does not close, the chamber is acceptable.

### 3. PostUse:

- Clean the gauge after use to maintain its accuracy.
- Store the gauge in a secure location, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the gauge in accordance with local regulations for metal and mechanical products.
- If the gauge is damaged or no longer usable, do not dispose of it in regular waste. Instead, contact a local recycling center for proper disposal.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the HEADSPACE GAUGES GO CLYMER 22 LONG RIFLE GO GAUGE, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you can ensure the safe and effective use of your HEADSPACE GAUGES GO CLYMER 22 LONG RIFLE GO GAUGE. Thank you for your attention to safety, and enjoy your product responsibly.
