

GO HEADSPACE GAUGES - CLYMER 22 HORNET GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [CLYMER 22 HORNET GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100235
- Mfr. No.: G022H0R
- Cartridge: 22 Hornet, 17 Hornet
- Colour: Steel
- Height: 0.284"
- Length: 0.75"
- Material: Steel
- Model Number: 22 Hornet GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.284"
- Delivery weight: 0.005kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

Safety Instruction Guide for HEADSPACE GAUGES GO CLYMER 22 HORNET GO GAUGE HEADSPACE GAUGE STEEL

Introduction

Thank you for choosing the HEADSPACE GAUGES GO CLYMER 22 HORNET GO GAUGE HEADSPACE GAUGE STEEL. This guide provides essential safety information to ensure the proper use and handling of this product. Please read this guide carefully before use to understand the safety measures necessary for your protection.

General Safety Guidelines

- Ensure the product is used only for its intended purpose: measuring the headspace of firearms.
- Always handle firearms with care and follow established safety procedures.
- Keep the gauge out of reach of children and unauthorized users.
- Regularly inspect the gauge for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always check the headspace before firing any used firearm to ensure safety.
- Use the gauge only in a welllit area to ensure accurate readings.
- Avoid using the gauge if you are unsure of its condition or if it appears damaged.
- Follow the manufacturer's instructions for use to avoid misinterpretation of the measurements.
- Store the gauge in a safe, dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and equipment for measuring headspace.

2. Using the Go Gauge

- Insert the Go Gauge into the chamber of the firearm.
- Ensure that the gauge fits snugly but does not require excessive force.
- If the gauge does not fit properly, do not attempt to fire the firearm.

3. Interpreting the Results

- If the Go Gauge fits correctly, the headspace is within acceptable limits.
- If the gauge does not fit, consult a qualified gunsmith for further evaluation.

4. PostUse Care

- Clean the gauge after each use to maintain its accuracy and longevity.
- Store the gauge in its designated case or a secure location.

Disposal Instructions

- Dispose of the gauge according to local regulations for metal recycling.

- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged beyond use, contact local recycling centers for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the HEADSPACE GAUGES GO CLYMER 22 HORNET GO GAUGE HEADSPACE GAUGE STEEL, please reach out to the appropriate customer service or support channels. Ensure you have the product details and any relevant information available for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your HEADSPACE GAUGES GO CLYMER 22 HORNET GO GAUGE HEADSPACE GAUGE STEEL. Thank you for prioritizing safety in your firearm practices.
