[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

## Attributes

- Name: [CLYMER 250 SAVAGE GO GAUGE HEADSPACE GUAGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100255
- Mfr. No.: G0250SAV
- Cartridge: 250 Savage
- Colour: Steel
- Height: 0.45"
- Length: 1.722"
- Material: Steel
- Model Number: 250 Savage GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.45"
- Delivery weight: 0.032kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

# Safety Instruction Guide for HEADSPACE GAUGES GO CLYMER 250 SAVAGE GO GAUGE HEADSPACE GAUGE STEEL

## Introduction

Thank you for purchasing the HEADSPACE GAUGES GO CLYMER 250 SAVAGE GO GAUGE HEADSPACE GAUGE STEEL. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the gauge.

## General Safety Guidelines

- Always ensure that the gauge is used in a safe and controlled environment.
- Keep the gauge out of reach of children and vulnerable individuals.
- Regularly inspect the gauge for any signs of wear or damage before use.
- Report any unsafe conditions or accidents involving the gauge to the appropriate authorities.
- Stay informed about product recalls or safety alerts via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Proper Handling:** Always handle the gauge with care. Avoid dropping or mishandling it, as this may cause damage or affect accuracy.
- **Usage Environment:** Use the gauge in a clean, dry environment to prevent contamination and ensure accurate measurements.
- **Personal Protective Equipment (PPE):** Wear appropriate PPE, such as safety glasses, to protect your eyes from potential debris during use.
- **Avoid Overexertion:** Do not force the gauge into the chamber. It should fit snugly without excessive force.
- **Calibration:** Ensure that the gauge is calibrated according to the manufacturer's specifications before use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Clean the chamber of the rifle to remove any dirt or debris.

### 2. Using the Gauge:

- Insert the "Go" gauge into the chamber of the rifle.
- Ensure that the gauge fits snugly without forcing it into position.
- If the gauge does not fit, do not attempt to modify it or the rifle. Consult a qualified gunsmith.

### 3. Checking Headspace:

- If the "Go" gauge fits properly, the headspace is within acceptable limits for safe firing.
- If the "NoGo" gauge does not fit, the chamber is safe for use.
- If the "NoGo" gauge fits, the headspace may be too large, and the firearm should not be fired until evaluated by a qualified gunsmith.

### 4. PostUse Care:

- After use, clean the gauge with a soft cloth to remove any residue.
- Store the gauge in a safe, dry place to prevent damage.

## **Disposal Instructions**

- Dispose of the gauge in accordance with local regulations for metal products.
- Do not dispose of the gauge in regular household waste.
- Consider recycling options to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the HEADSPACE GAUGES GO CLYMER 250 SAVAGE GO GAUGE HEADSPACE GAUGE STEEL, please refer to the manufacturer's contact information provided with your product.
