

NO-GO HEADSPACE GAUGES - NO GO 308 WINCHESTER FAMILY HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [NO GO 308 WINCHESTER FAMILY HEADSPACE GAUGE STEEL](#)

Clymer NoGo Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauges. These precision tools are essential for ensuring that your firearm operates safely and effectively. This guide provides important safety instructions and guidelines to help you use the product correctly and responsibly.

General Safety Guidelines

- Ensure that all tools and gauges are used in accordance with the manufacturer's instructions.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep the gauges out of reach of children and unauthorized users.
- Regularly inspect the gauges for any signs of wear or damage before use.
- Always wear appropriate safety gear, including eye protection, when working with firearms.

Specific Safety Precautions for Use

- Only use the Clymer NoGo Headspace Gauges with compatible calibers as specified in the product information.
- Verify that the gauge is clean and free of debris before use to ensure accurate measurements.
- Do not force the gauge into the chamber; if resistance is felt, stop and inspect for obstructions.
- When measuring headspace, ensure the firearm is unloaded and pointed in a safe direction.
- Be aware of the potential hazards associated with excessive headspace, such as case ruptures or misfires.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and welllit.
- Gather all necessary tools and safety equipment.

2. Using the Gauge:

- Ensure the firearm is unloaded and visually inspect the chamber.
- Insert the Clymer NoGo Headspace Gauge into the chamber of the firearm.
- Gently close the bolt on the gauge. It should not close completely if the headspace is within safe limits.
- If the bolt closes fully, this indicates excessive headspace, and the firearm should not be used until corrected.

3. PostUse Care:

- Remove the gauge from the chamber and clean it if necessary.
- Store the gauge in a safe, dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not discard gauges in regular household waste. Instead, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the Clymer NoGo Headspace Gauges, please refer to the manufacturer's contact information provided with your product.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the Clymer NoGo Headspace Gauges, enhancing both your safety and the performance of your firearms. Thank you for your commitment to responsible firearm handling.
