## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

## Attributes

- Name: [CLYMER 300 WSM GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100263
- Mfr. No.: GO300WSM
- Cartridge: 300 WSM (Winchester Short Mag), 325 WSM (Winchester Short Mag), 270 WSM (Winchester Short Mag)
- Colour: Steel
- Height: 0.53"
- Length: 1.885"
- Material: Steel
- Model Number: 300 WSM GO
- Style: Go Gauge
- Weight: 0.2 lbs
- Width: 0.53"
- Delivery weight: 0.045kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

# HEADSPACE GAUGES GO CLYMER 300 WSM GO GAUGE HEADSPACE GAUGE STEEL Safety Instructions

## Introduction

Thank you for purchasing the HEADSPACE GAUGES GO CLYMER 300 WSM GO GAUGE HEADSPACE GAUGE STEEL. This product is designed to ensure accurate measurement of the chamber length of your rifle. Proper use of this gauge is essential for safety and performance when chambering a new barrel or checking a used firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the gauge in a safe and controlled environment.
- Ensure that you are familiar with the operation of your firearm before using this gauge.
- Keep the gauge out of reach of children and unauthorized users.
- Inspect the gauge for any damage or wear before each use.
- Follow all local laws and regulations regarding firearms and ammunition.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using this gauge.
- Do not attempt to use the gauge on a firearm that is loaded or has ammunition in it.
- Ensure that the firearm is pointed in a safe direction at all times during measurement.
- Do not force the gauge into the chamber; it should fit snugly but not require excessive force.
- If the gauge does not fit properly, do not attempt to modify it or the firearm.
- Regularly check the gauge for accuracy and replace it if it shows signs of damage or wear.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools and safety equipment.

### 2. Using the Gauge:

- Insert the gauge into the chamber of the firearm.
- Ensure that it fits properly without excessive force.
- Check the markings on the gauge to determine if it is a “Go” or “NoGo” gauge.
- For a “Go” gauge, the chamber should allow the gauge to fit without resistance.
- For a “NoGo” gauge, the gauge should not fit into the chamber. If it does, consult a gunsmith.

### 3. After Use:

- Remove the gauge from the chamber.
- Clean and store the gauge in a safe place.
- Document the measurements and any observations regarding the firearm.

## Disposal Instructions

- Dispose of the gauge in accordance with local regulations.
- If the gauge is damaged or no longer usable, ensure it is disposed of in a way that prevents accidental use.
- Recycle materials where possible, following local guidelines for metal recycling.

## Contact Information for Further Support

For any inquiries or further support regarding the use of this product, please consult the manufacturer or your local firearms expert. Always ensure you have the latest information and guidance for safe firearm handling and maintenance.

By following these safety instructions, you can ensure a safe and effective experience with your HEADSPACE GAUGES GO CLYMER 300 WSM GO GAUGE HEADSPACE GAUGE STEEL. Thank you for prioritizing safety in your firearm practices.
