[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [CLYMER 6MM REMINGTON GO GAUGE HEADSPACE GAUGE STEEL](#)

HEADSPACE GAUGES GO CLYMER 6MM REMINGTON GO GAUGE HEADSPACE GAUGE STEEL

Introduction

Thank you for choosing the HEADSPACE GAUGES GO CLYMER 6MM REMINGTON GO GAUGE HEADSPACE GAUGE STEEL. This product is designed to accurately measure and test the length of the chamber of your rifle, ensuring a safe and precise chamber when chambering a new barrel. Proper use of this gauge is essential for maintaining firearm safety.

General Safety Guidelines

- Always ensure that the firearm is unloaded before using the headspace gauge.
- Familiarize yourself with your firearm's specific requirements for headspace measurements.
- Inspect the gauge for any signs of damage or wear before each use.
- Always follow local laws and regulations regarding firearm safety and usage.
- Store the gauge in a safe and secure location, away from children and unauthorized users.
- If you are unsure about using the gauge, seek assistance from a qualified gunsmith or firearms expert.

Specific Safety Precautions for Use

- Use the gauge only for its intended purpose of measuring headspace.
- Do not attempt to modify or alter the gauge in any way.
- Ensure that the gauge is clean and free from debris before use to avoid inaccurate measurements.
- When measuring headspace, observe proper handling techniques to prevent accidents.
- If the gauge indicates a "NoGo" condition, do not use the firearm until the issue has been resolved.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and materials.

2. Using the Gauge:

- Insert the GO gauge into the chamber of the firearm.
- Gently close the bolt to check for fit. The bolt should close fully without resistance.
- If the bolt closes easily, the headspace is within acceptable limits.
- Next, insert the NOGO gauge into the chamber.
- Attempt to close the bolt. If the bolt does not close, the headspace is acceptable. If it does close, further inspection of the firearm is required.

3. After Use:

- Remove the gauge from the chamber and clean it if necessary.
- Store the gauge in its designated case or location.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations regarding metal waste.
- Do not throw the gauge in regular household waste.
- If the gauge is damaged beyond repair, consider recycling the materials if possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the use of the HEADSPACE GAUGES GO CLYMER 6MM REMINGTON GO GAUGE HEADSPACE GAUGE STEEL, please consult with a qualified firearms expert or contact your local firearms authority.

Conclusion

Following these safety instructions will help ensure the safe and effective use of your HEADSPACE GAUGES GO CLYMER 6MM REMINGTON GO GAUGE HEADSPACE GAUGE STEEL. Always prioritize safety and seek professional guidance when necessary. Thank you for your commitment to responsible firearm ownership.
