## Absolutely Essential For Accurate, Safe, Chamber Work

**CLYMER GO HEADSPACE GAUGES** The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

## Attributes

- Name: [284 WINCHESTER GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100287
- Mfr. No.: GO284WIN
- Cartridge: 284 Winchester, 6 mm - 284 Winchester, 25/284 Winchester, 30/284 Winchester
- Color: Steel
- Height: 0.475"
- Length: 1.976"
- Material: Steel
- Model Number: 284 Winchester GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.475"
- Delivery weight: 0.045kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

# Clymer Go Headspace Gauges Safety Instruction Guide

## Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper use of these gauges is crucial for ensuring firearm safety and performance. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your Clymer Go Headspace Gauges.

## General Safety Guidelines

- Ensure safe use of the Clymer Go Headspace Gauges by following these guidelines:
  - Always handle the gauges with care to avoid damage.
  - Store the gauges in a safe, dry place when not in use.
  - Inspect the gauges for any signs of wear or damage before each use.
  - Use the gauges only for their intended purpose as specified in this guide.
  - Keep the gauges out of reach of children and vulnerable individuals.
  - Report any unsafe products or accidents to the appropriate authorities.
  - Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- To ensure safe and effective use of the Clymer Go Headspace Gauges, please observe the following precautions:
  - Always wear appropriate personal protective equipment, such as safety glasses, when using the gauges.
  - Do not use the gauges with firearms that are damaged or malfunctioning.
  - Ensure that the firearm is unloaded and pointed in a safe direction before using the gauges.
  - Follow the specific measurement procedures outlined in the instructions to avoid incorrect readings.
  - If you are unsure about how to use the gauges, seek assistance from a qualified gunsmith or firearms expert.

## Instructions for Installation and Usage

- Follow these steps for the proper installation and usage of the Clymer Go Headspace Gauges:
  1. **Preparation:**
    - Ensure that the workspace is clean and free from obstructions.
    - Gather all necessary tools and equipment before beginning.
  2. **Using the Gauge:**
    - Select the appropriate gauge for your specific caliber from the available options.
    - Insert the gauge into the chamber of the firearm being tested.
    - Gently push the gauge into the chamber until it stops. It should fit snugly without excessive force.
    - Check for any gaps or resistance. A proper fit indicates acceptable headspace.
    - If there is excessive play or the gauge does not fit, consult a qualified gunsmith for further evaluation.
  3. **Post Use:**
    - Remove the gauge from the chamber carefully.
    - Clean the gauge with a soft cloth to remove any debris or residue.
    - Store the gauge in its designated case or holder to prevent damage.

## Disposal Instructions

- When the Clymer Go Headspace Gauges reach the end of their useful life or show signs of significant wear, please dispose of them responsibly:
  - Check local regulations for proper disposal methods for metal tools and equipment.
  - If the gauges are no longer usable, consider recycling them to minimize environmental impact.
  - Do not dispose of the gauges in regular household waste.

## Contact Information for Further Support

- For questions or concerns regarding the Clymer Go Headspace Gauges, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Clymer Go Headspace Gauges. Thank you for prioritizing safety in your firearms practices.
