[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [6.5X55MM SWEDE GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100290
- Mfr. No.: G06.5X55
- Cartridge: 6.5 x 55 mm Swedish Mauser
- Color: Steel
- Height: 0.43"
- Length: 1.952"
- Material: Steel
- Model Number: 6.5x55mm Swede GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.43"
- Delivery weight: 0.036kg
- Shipping height: 10mm
- Shipping width: 15mm
- Shipping length: 58mm

Clymer Go Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are essential for ensuring the safe chamber dimensions of your firearms. This guide provides important safety instructions to help you use the product effectively and responsibly, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the Clymer Go Headspace Gauges in accordance with the manufacturer's instructions.
- Ensure that the gauges are stored in a safe and dry location when not in use to prevent damage.
- Regularly inspect the gauges for any signs of wear or damage before each use.
- Keep the gauges out of reach of children and vulnerable individuals to prevent misuse.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the gauges only with compatible firearms and calibers as specified.
- Do not attempt to modify or alter the gauges in any way.
- Ensure that the firearm is unloaded and pointed in a safe direction before measuring headspace.
- Wear appropriate safety gear, such as safety glasses, when working with firearms.
- Avoid using the gauges in wet or damp conditions to prevent rust or corrosion.
- If you notice any irregularities in the gauge readings, discontinue use and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the correct Clymer Go Headspace Gauge for your firearm caliber.
- Gather all necessary tools and equipment before starting.

2. Using the Gauge:

- Make sure the firearm is unloaded and in a safe condition.
- Insert the gauge into the chamber of the firearm.
- Close the bolt gently to check for proper fit. The gauge should fit snugly without excessive force.
- If the gauge does not fit correctly, consult a qualified gunsmith for further evaluation.

3. After Use:

- Remove the gauge from the chamber and clean it with a soft cloth to remove any debris or moisture.
- Store the gauge in its protective case or designated storage area.

Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not throw the gauges in regular household waste. Check for local recycling options for metal materials.
- If you are unsure about disposal methods, consult your local waste management authority.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Clymer Go Headspace Gauges, please refer to the contact information provided with the product packaging or consult your retailer.

By following these safety instructions, you can ensure a safe and effective experience with your Clymer Go Headspace Gauges. Thank you for prioritizing safety in your firearms maintenance.
