## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [CLYMER NO GO 300 REMINGTON ULTRA MAGNUM HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100307
- Mfr. No.: NG300REMUMAG
- Cartridge: 300 Remington Ultra Magnum, 7 mm Remington Ultra Magnum, 375 Remington Ultra Magnum
- Colour: Steel
- Height: 0.52"
- Length: 2.618"
- Material: Steel
- Model Number: NO GO 300 Remington Ultra Magnum
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 0.52"
- Delivery weight: 0.136kg
- Shipping height: 20mm
- Shipping width: 23mm
- Shipping length: 79mm

# Safety Instruction Guide for HEADSPACE GAUGES NOGO CLYMER NO GO 300 REMINGTON ULTRA MAGNUM HEADSPACE GAUGE STEEL

## Introduction

Thank you for choosing the HEADSPACE GAUGES NOGO CLYMER NO GO 300 REMINGTON ULTRA MAGNUM HEADSPACE GAUGE STEEL. This product is designed to help you accurately measure and test the length of your rifle's chamber, ensuring a safe and precise fit for your barrel. This guide provides essential safety instructions and guidelines to ensure proper use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms and related equipment with care and respect.
- Ensure the gauge is compatible with your specific firearm and caliber.
- Before use, inspect the gauge for any signs of damage or wear.
- Always follow the manufacturer's instructions when using the gauge.
- Keep the gauge out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper use of the gauge may lead to inaccurate measurements, resulting in unsafe firearm operation.
- Failure to check headspace before firing a used firearm can cause malfunction or injury.

### • Avoiding Hazards:

- Always doublecheck the gauge's markings ("Go" or "NoGo") before use.
- Use the gauge in a safe and controlled environment, away from distractions.
- Ensure the firearm is unloaded and pointed in a safe direction before using the gauge.
- Do not force the gauge into the chamber; if it does not fit easily, reassess the situation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the correct gauge for your firearm's caliber.
- Gather all necessary tools and materials for the measurement process.

### 2. Using the Gauge:

- Make sure the firearm is completely unloaded.
- Insert the gauge into the chamber of the firearm gently.
- If the gauge fits easily, it indicates that the chamber is within acceptable specifications.
- If the gauge does not fit, this indicates that the chamber may be too short, and further inspection or adjustment is required.

### 3. Post Use:

- Remove the gauge from the chamber and clean it if necessary.
- Store the gauge in a safe, dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the gauge responsibly, following local regulations for metal recycling.
- Do not discard the gauge in regular household waste.
- If the gauge is damaged or no longer functional, consult local recycling programs for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the HEADSPACE GAUGES NOGO CLYMER NO GO 300 REMINGTON ULTRA MAGNUM HEADSPACE GAUGE STEEL, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety and compliance while using this product. Always remember that proper firearm maintenance and safety checks are essential for ensuring a safe shooting experience.
