

GO HEADSPACE GAUGES - CLYMER 45-70 GOVERNMENT GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [CLYMER 45-70 GOVERNMENT GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100330
- Mfr. No.: GO45/70GOVT
- Cartridge: 33 WCF, 348 Winchester, 40-65 Winchester, 45-70 Government
- Colour: Steel
- Height: 0.495"
- Length: 0.73"
- Material: Steel
- Model Number: 45-70 Government GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.495"
- Delivery weight: 0.018kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

Safety Instruction Guide for HEADSPACE GAUGES GO CLYMER 4570 GOVERNMENT GO GAUGE HEADSPACE GAUGE STEEL

Introduction

Thank you for choosing the HEADSPACE GAUGES GO CLYMER 4570 GOVERNMENT GO GAUGE HEADSPACE GAUGE STEEL. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the gauge to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Ensure safe use of the gauge by following all instructions provided in this guide.
- Always check the headspace before firing any used firearm to prevent unsafe conditions.
- Use gauges only for their intended purpose as specified in this manual.
- Keep the gauge out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always handle the gauge with care to avoid damage or injury.
- Inspect the gauge for any visible defects or damage before use.
- Use the gauge in a welllit area to ensure clear visibility during measurement.
- Do not attempt to modify or alter the gauge in any way.
- Ensure that the firearm is unloaded and pointed in a safe direction before performing any measurements.
- Wear appropriate safety gear, such as safety glasses, when using the gauge.
- Follow manufacturer specifications for the specific caliber and gauge style being used.
- Do not exceed the recommended specifications for headspace measurements.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and secure.
- Gather all necessary tools and the headspace gauge.

2. Using the Gauge:

- Insert the gauge into the chamber of the firearm.
- Gently push the gauge until it stops; do not force it.
- Check the gauge marking:
 - If it reads "Go," the headspace is acceptable.
 - If it reads "NoGo," the headspace is too long, and the firearm should be inspected by a qualified gunsmith.

3. PostUse Care:

- Clean the gauge after use to remove any debris or residue.
- Store the gauge in a safe and dry location, away from children.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations.
- Do not discard the gauge in regular household waste if it is damaged or defective.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the HEADSPACE GAUGES GO CLYMER 4570 GOVERNMENT GO GAUGE HEADSPACE GAUGE STEEL, please refer to the manufacturer's contact information provided with the product or visit their official website for further assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on your careful adherence to these instructions.
