

9MM LUGER GO CLYMER HEADSPACE GAUGE - CLYMER 9MM LUGER GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

The only way to accurately measure and test the length of the chamber of the rifle. Essential when chambering a new barrel to ensure a tight, accurate, safe chamber. Whenever you buy a used gun, always check the headspace before firing. Gauges are etched with "Go," "No-Go," or "Field" and caliber/ gauge name for easy identification. Both Forster and Clymer gauges are made to SAAMI specs.

Attributes

- Name: [CLYMER 9MM LUGER GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100340
- Mfr. No.: G09MMLUG

9MM LUGER GO CLYMER HEADSPACE GAUGE

Safety Instruction Guide

Introduction

Thank you for choosing the 9MM LUGER GO CLYMER HEADSPACE GAUGE. This guide provides essential safety instructions and usage information to ensure that you use the product safely and effectively. Please read this guide thoroughly before using the gauge.

General Safety Guidelines

- Ensure that the gauge is used only by individuals who are knowledgeable about firearms and headspace measurements.
- Always handle the gauge with care to prevent accidental injury.
- Store the gauge in a safe and secure location, out of reach of children and unauthorized users.
- Regularly inspect the gauge for any signs of wear or damage before use.
- Follow all local laws and regulations related to firearms and ammunition.

Specific Safety Precautions for Use

- Always check the headspace of a firearm before firing, especially if it is a used gun.
- Use the gauge only for its intended purpose: measuring the headspace of 9mm Luger chambers.
- Avoid using excessive force when inserting or removing the gauge from the chamber.
- Do not attempt to modify or alter the gauge in any way.
- If the gauge does not fit properly, do not use it. Consult a qualified gunsmith for assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Visually and physically inspect the chamber to confirm it is clear of any obstructions.

2. Using the Gauge:

- Insert the 9MM LUGER GO GAUGE into the chamber of the firearm.
- Ensure that the gauge sits flush against the bolt face.
- Attempt to close the bolt on the gauge. If the bolt closes easily, the headspace is within acceptable limits.
- If the bolt does not close or requires excessive force, the headspace may be excessive. Consult a qualified gunsmith.

3. PostUse:

- Remove the gauge from the chamber after testing.
- Clean the gauge with a soft cloth to remove any debris or residue.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations for metal products.
- Do not throw the gauge in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the use of the 9MM LUGER GO CLYMER HEADSPACE GAUGE, please contact your local firearms dealer or a qualified gunsmith. Always ensure that you are following the latest safety protocols and regulations.

Conclusion

By following this safety instruction guide, you can ensure the safe and effective use of the 9MM LUGER GO CLYMER HEADSPACE GAUGE. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important guidelines.
