## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [CLYMER NO GO 25-20 WINCHESTER HEADSPACE GAUGE STEEL](#)

# Safety Instruction Guide for CLYMER NOGO HEADSPACE GAUGES CLYMER NO GO 2520 WINCHESTER HEADSPACE GAUGE STEEL

## Introduction

Thank you for purchasing the CLYMER NOGO HEADSPACE GAUGES CLYMER NO GO 2520 WINCHESTER HEADSPACE GAUGE STEEL. This product is designed to ensure the safe and accurate measurement of the chamber length of your firearm. Proper use of this gauge is essential for chambering a new barrel and ensuring a safe firing experience. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and its components before using the headspace gauge.
- Always handle firearms with care, treating every gun as if it is loaded.
- Store the headspace gauge in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the gauge for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding firearms and ammunition.

## Specific Safety Precautions for Use

- Do not attempt to use the gauge if it shows signs of damage or wear.
- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Ensure the firearm is unloaded before using the headspace gauge.
- Use the gauge in a welllit area to ensure accurate measurements.
- Be aware of your surroundings and ensure that no one is in the line of fire when testing headspace.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Remove any ammunition from the area where you will be working.

### 2. Using the Gauge:

- Insert the NOGO gauge into the chamber of the firearm.
- Attempt to close the bolt on the gauge. If the bolt does not close, the headspace is acceptable.
- If the bolt closes on the NOGO gauge, this indicates that the chamber may be too long, and further inspection or adjustment is necessary.

### 3. Cleaning and Maintenance:

- After use, clean the gauge with a soft cloth to remove any debris or residue.
- Store the gauge in its protective case to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not throw the gauge in regular household waste. Contact local waste management authorities for

proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns about the CLYMER NOGO HEADSPACE GAUGES CLYMER NO GO 2520 WINCHESTER HEADSPACE GAUGE STEEL, please refer to the product packaging or visit the manufacturer's website for more information.

By following these safety guidelines and instructions, you can ensure a safe and effective experience when using the headspace gauge. Always prioritize safety and compliance with local laws when handling firearms and related equipment. Thank you for your attention to these important safety measures.
