## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [CLYMER NO GO 357 MAGNUM HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100381
- Mfr. No.: NG357MGN
- Cartridge: 357 Magnum, .38 Special
- Colour: Steel
- Height: 0.375"
- Length: 0.73"
- Material: Steel
- Model Number: NO GO 357 Magnum
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.375"
- Delivery weight: 0.009kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

## Safety Instruction Guide

### Introduction

Thank you for choosing the Clymer NoGo 357 Magnum Headspace Gauge. This product is designed to ensure the safe and accurate measurement of the chamber length of your firearm. Proper use of this gauge is essential for maintaining the safety and functionality of your firearm. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

### General Safety Guidelines

- Ensure that the gauge is used in a safe environment, free from distractions and hazards.
- Always handle firearms with care and follow all safety protocols when using a gauge.
- Do not use the gauge if it is damaged or shows signs of wear.
- Store the gauge in a safe place when not in use, out of reach of children and unauthorized users.
- Keep the gauge clean and free from debris to ensure accurate measurements.
- Regularly check for updates regarding product recalls on the EU Safety Gate platform.

### Specific Safety Precautions for Use

- Before using the gauge, familiarize yourself with its features and functions.
- Always wear appropriate personal protective equipment, such as safety glasses, when using this gauge.
- Ensure that the firearm is unloaded before measuring heads space.
- Use the gauge only for its intended purpose; do not attempt to modify or alter the gauge.
- If you are unsure about how to use the gauge, seek assistance from a qualified professional.
- Keep fingers clear of the chamber area when inserting or removing the gauge.
- Follow manufacturer guidelines for specific cartridge compatibility.

### Instructions for Installation and Usage

#### 1. Preparation

- Ensure that your firearm is pointed in a safe direction and is completely unloaded.
- Gather all necessary tools and equipment before starting.

#### 2. Using the Gauge

- Identify the correct gauge for your specific caliber (in this case, the NoGo gauge for 357 Magnum).
- Insert the gauge into the chamber of the firearm carefully.
- Ensure that the gauge fits snugly but does not require excessive force.
- If the gauge does not fit, it indicates that the heads space is too short, and the firearm may not be safe to use.

#### 3. PostUsage

- Remove the gauge from the chamber after measurement.
- Clean the gauge with a soft cloth to remove any residue or debris.
- Store the gauge in its designated case or location.

### Disposal Instructions

- Dispose of any damaged or worn gauges according to local regulations.

- Do not throw the gauge in regular household waste; check for recycling options specific to metal products.
- Ensure that the gauge is not accessible to children or unauthorized individuals during disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Clymer NoGo 357 Magnum Headspace Gauge, please consult the manufacturer's website or contact your local dealer for assistance. Always ensure that you have the latest information regarding safety and product updates.

## **Final Note**

Your safety is our priority. By following these guidelines, you can ensure the safe and effective use of the Clymer NoGo 357 Magnum Headspace Gauge. Remember to stay informed about product recalls and safety updates to maintain the highest standards of safety in your firearm practices. Thank you for prioritizing safety and responsible firearm handling.
