

GO HEADSPACE GAUGES - 38 SUPER GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [38 SUPER GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100390
- Mfr. No.: G038SUPN
- Cartridge: 38 Super
- Color: Steel
- Height: 0.38"
- Length: 0.93"
- Material: Steel
- Model Number: 38 Super GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.38"
- Delivery weight: 0.014kg
- Shipping height: 13mm
- Shipping width: 18mm
- Shipping length: 58mm

CLYMER GO HEADSPACE GAUGES Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are designed to help gunsmiths and firearm enthusiasts ensure the safe chamber dimensions of rifles and shotguns. This guide provides essential safety instructions to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the gauges in a welllit and organized workspace to minimize the risk of accidents.
- Ensure the firearm is unloaded before using the headspace gauges.
- Keep the gauges out of reach of children and unauthorized users.
- Regularly inspect the gauges for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and related tools.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper use of headspace gauges may lead to unsafe chambering, resulting in malfunctions or accidents.
- **Avoiding Hazards:**
 - Always refer to the specific gauge's calibration and ensure it matches the firearm's caliber.
 - Do not force the gauge into the chamber; if it does not fit, do not attempt to modify the gauge or the firearm.
 - Use the gauge only for its intended purpose to ensure safety and accuracy.
- **Age Specific Warnings:** This product is intended for use by adults and trained professionals. It should not be used by individuals under the age of 18 without supervision.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free of distractions.
- Gather all necessary tools and equipment before starting.

2. Using the Gauge:

- Confirm the gauge is the correct caliber for your firearm.
- With the firearm unloaded, open the action to access the chamber.
- Gently insert the gauge into the chamber until it stops.
- Check for any resistance; if the gauge does not drop freely, do not attempt to chamber a round.
- Remove the gauge carefully after measurement.

3. PostUsage Care:

- Clean the gauge after each use to remove any debris or residue.
- Store the gauge in a protective case to avoid damage and ensure longevity.

Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not throw gauges in regular household waste. Instead, contact local waste management services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Clymer Go Headspace Gauges, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure that you use the Clymer Go Headspace Gauges effectively and safely. Always prioritize safety when working with firearms and related tools. Thank you for your commitment to maintaining high safety standards in your firearms practices.
