

GO HEADSPACE GAUGES - 44 MAGNUM GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [44 MAGNUM GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100430
- Mfr. No.: GO44MGN
- Cartridge: 44 Magnum, 44 Special
- Color: Steel
- Height: 0.45"
- Length: 0.73"
- Material: Steel
- Model Number: 44 Magnum GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.45"
- Delivery weight: 0.014kg
- Shipping height: 18mm
- Shipping width: 13mm
- Shipping length: 58mm

CLYMER GO HEADSPACE GAUGES Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for the safe operation of firearms. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the basic operation of firearms and the specific requirements for headspace measurements before using the gauges.
- Always wear appropriate safety gear, including eye protection, when using firearms or tools.
- Store the gauges in a safe, dry place away from children and unauthorized users.
- Regularly inspect the gauges for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Use the gauges only for their intended purpose: verifying headspace in firearms.
- Avoid using the gauges if they show any signs of damage or if they do not fit properly in the chamber.
- Do not force the gauge into the chamber; this may cause damage to both the gauge and the firearm.
- Ensure that the firearm is unloaded and pointed in a safe direction before using the gauge.
- Follow all manufacturer instructions and guidelines when using the gauges.
- Keep the gauges clean and free from debris to ensure accurate measurements.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools, including the Clymer Go Headspace Gauge.

2. Using the Gauge:

- Insert the gauge into the chamber of the firearm.
- Ensure the gauge fits snugly but does not require excessive force.
- Check for proper headspace by observing the fit of the gauge.
- If the gauge does not fit correctly, consult a qualified gunsmith for further evaluation.

3. After Use:

- Remove the gauge from the chamber and clean it to remove any debris or residue.
- Store the gauge in its protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not dispose of gauges in regular household waste if they are made of hazardous materials.
- Consider recycling options if available in your area.

Contact Information for Further Support

For further assistance or inquiries regarding the Clymer Go Headspace Gauges, please refer to the manufacturer's contact information provided with the product packaging. It is important to have access to support for any questions or concerns related to product safety and usage.

By following these guidelines, you can ensure the safe and effective use of the Clymer Go Headspace Gauges, enhancing both safety and performance in your firearms. Thank you for your attention to these important safety instructions.
