

NO-GO HEADSPACE GAUGES - NO GO 44 MAGNUM HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [NO GO 44 MAGNUM HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100431
- Mfr. No.: NG44MGN
- Cartridge: 44 Magnum, 44 Special
- Color: Steel
- Height: 0.45"
- Length: 0.73"
- Material: Steel
- Model Number: NO GO 44 Magnum
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.45"
- Delivery weight: 0.014kg
- Shipping height: 13mm
- Shipping width: 18mm
- Shipping length: 58mm

Clymer NoGo Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauges. These precision tools are designed for gunsmiths and firearm enthusiasts to ensure the safe and reliable operation of firearms. This guide provides essential safety instructions and guidelines to help you use the gauges effectively and responsibly.

General Safety Guidelines

- Always handle firearms and related tools with care and respect.
- Ensure that your work area is clean and free from distractions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using headspace gauges.
- Keep the gauges out of reach of children and unauthorized individuals.
- Familiarize yourself with each gauge's specific calibration and application before use.
- Regularly inspect the gauges for wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of headspace gauges can lead to dangerous firearm malfunctions, including misfires or case ruptures.
- **Avoiding Hazards:**
 - Always ensure that the gauge is compatible with the specific caliber of the firearm being checked.
 - Do not force the gauge into the chamber; it should fit snugly without excessive pressure.
 - Never use a damaged or worn gauge, as this may lead to inaccurate measurements.
 - Keep fingers away from the trigger area when measuring headspace.
 - Ensure the firearm is unloaded before using the gauge.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools, including the Clymer NoGo Headspace Gauge.

2. Using the Gauge:

- Select the appropriate gauge for the caliber of your firearm (e.g., .44 Magnum).
- Gently insert the NoGo gauge into the chamber of the barrel.
- If the gauge fits easily, this indicates that the chamber may be out of specification and should not be used until corrected.
- If the gauge does not fit, it indicates that the chamber is within acceptable limits.

3. PostUsage:

- After use, clean the gauge to remove any debris or contaminants.
- Store the gauge in a safe and dry location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not throw away the gauge in regular household waste. Check with your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Clymer NoGo Headspace Gauges, please refer to the product packaging for support details or consult your local firearms expert.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Clymer NoGo Headspace Gauges. Thank you for prioritizing safety in your firearms practices.
