## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [CLYMER NO GO 7.62X39MM HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100491
- Mfr. No.: NG7.62X39
- Cartridge: 7.62 x 39 mm Russian
- Colour: Steel
- Height: 0.4"
- Length: 1.495"
- Material: Steel
- Model Number: NO GO 7.62x39mm
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.4"
- Delivery weight: 0.023kg
- Shipping height: 15mm
- Shipping width: 18mm
- Shipping length: 58mm

## 7.62X39MM HEADSPACE GAUGE STEEL Safety Instructions

### Introduction

Thank you for purchasing the Clymer NoGo 7.62x39mm Headspace Gauge. This product is designed to help you accurately measure the length of the chamber in your rifle, ensuring proper chambering of barrels and safe firing conditions. Please read and follow these safety instructions carefully to ensure safe and effective use.

### General Safety Guidelines

- Always handle firearms and gauges with care.
- Ensure you are in a safe environment when using this product.
- Follow all local laws and regulations regarding firearms and ammunition.
- Store this gauge in a secure location, away from children and unauthorized users.
- Regularly check for updates on product recalls through the EU Safety Gate platform.

### Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the gauge can lead to unsafe chambering and potential firearm malfunction.
- Always verify that the gauge is appropriate for the specific caliber you are using.

- **Instructions to Avoid Hazards:**

- Do not attempt to use the gauge if it appears damaged or worn.
- Always check the headspace before firing a used firearm.
- Use the gauge only as intended; do not modify or misuse it.
- Wear appropriate safety gear, such as eye protection, when handling firearms.
- Keep the work area clean and free from distractions when using the gauge.

- **Age Specific Warnings:**

- This product is intended for use by adults or under adult supervision. Keep out of reach of children.

### Instructions for Installation and Usage

- **Installation:**

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the bolt from the firearm according to the manufacturer's instructions.

- **Using the Gauge:**

- Insert the NoGo gauge into the chamber of the firearm.
- Attempt to close the bolt over the gauge.
- If the bolt does not close completely, the headspace is acceptable.
- If the bolt closes on the gauge, it indicates excessive headspace, and the firearm should not be used until inspected by a qualified gunsmith.

- **PostUse:**

- Clean the gauge after use to remove any residue or debris.
- Store the gauge in a protective case or designated storage area.

## **Disposal Instructions**

- Dispose of the gauge in accordance with local regulations.
- Do not throw the gauge in regular household waste.
- If the gauge is damaged beyond use, consult local recycling or hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding this product, please refer to the manufacturer's website or contact your local firearms dealer for assistance. Always ensure that you are following the most current safety guidelines and regulations.

Thank you for prioritizing safety while using the Clymer NoGo 7.62x39mm Headspace Gauge. Your responsible handling of firearms contributes to a safer environment for all.
