

GO HEADSPACE GAUGES - 7.62X54R GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [7.62X54R GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100500
- Mfr. No.: G07.62X54R
- Cartridge: 7.62 x 54 mm Russian
- Color: Steel
- Height: 0.47"
- Length: 0.73"
- Material: Steel
- Model Number: 7.62x54R GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.47"
- Delivery weight: 0.014kg
- Shipping height: 15mm
- Shipping width: 18mm
- Shipping length: 58mm

Clymer Go Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are designed for gunsmiths and firearm enthusiasts to ensure the safe chambering of rifles and shotguns. This guide provides essential safety instructions to help you use the gauges correctly and safely, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always use the Clymer Go Headspace Gauges as intended. Ensure that you are familiar with the specific gauge for your firearm caliber and type.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding the product. Follow the instructions provided in case of a recall.
- **Online Shopping:** If purchased online, ensure the seller complies with safety regulations and provides necessary product information.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach to prevent accidents.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Read the Manual:** Before using the gauge, read this safety instruction guide thoroughly.
- **Inspect the Gauge:** Check the gauge for any signs of damage or wear before each use. Do not use if damaged.
- **Wear Safety Gear:** Always wear appropriate safety gear, such as safety glasses, when working with firearms.
- **Use in a Safe Environment:** Conduct all measurements in a welllit, safe, and controlled environment away from unauthorized personnel.
- **Avoid Distractions:** Focus on your work and avoid distractions while using the gauge to ensure accuracy and safety.
- **Store Properly:** Store the gauge in a safe, dry place after use to prevent damage and maintain accuracy.
- **Follow Firearm Safety Rules:** Always adhere to basic firearm safety rules when using the gauge in conjunction with any firearm.

Instructions for Installation and Usage

- **Selecting the Right Gauge:** Choose the correct Clymer Go Headspace Gauge for your specific caliber (7.62 x 54 mm Russian in this case).
- **Preparing the Firearm:**
 - Ensure the firearm is unloaded.
 - Remove any ammunition from the area.
- **Using the Gauge:**
 - Insert the gauge into the chamber of the firearm.
 - Ensure it fits snugly and correctly.
 - Observe whether the bolt closes fully. If it does, the headspace is within safe limits.
- **If the Bolt Does Not Close:**
 - Do not attempt to chamber a round. This indicates that the headspace is excessive.

- Consult a qualified gunsmith for further evaluation.
- **Regular Maintenance:** Clean the gauge after each use to maintain its accuracy and longevity.

Disposal Instructions

- **Disposal of the Product:** When the gauge reaches the end of its useful life, dispose of it in accordance with local regulations.
- **Recycling:** If applicable, recycle the gauge as metal waste. Check with local recycling centers for proper disposal methods.

Contact Information for Further Support

For any questions or further support regarding the Clymer Go Headspace Gauges, please refer to the manufacturer's contact information provided with the product.

By following these safety instructions, you can ensure the safe and effective use of the Clymer Go Headspace Gauges. Always prioritize safety and compliance with the EU General Product Safety Regulation. Thank you for your attention to these important guidelines.
