## Absolutely Essential For Accurate, Safe, Chamber Work

**CLYMER GO HEADSPACE GAUGES** The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

## Attributes

- Name: [45 LONG COLT GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100510
- Mfr. No.: G045LC
- Cartridge: 45 (Long) Colt
- Color: Steel
- Height: 0.51"
- Length: 0.73"
- Material: Steel
- Model Number: 45 Long Colt Go
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.51"
- Delivery weight: 0.018kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 53mm

# CLYMER GO HEADSPACE GAUGES Safety Instructions

## Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are designed to help gunsmiths and firearm enthusiasts verify safe chamber dimensions for rifles and shotguns. This safety instruction guide provides essential information to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the Clymer Go Headspace Gauge is used in accordance with the manufacturer's instructions.
- Always inspect the gauge for damage before use. Do not use if it is damaged or worn.
- Keep the gauge out of reach of children and vulnerable individuals.
- Report any unsafe product experiences or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Proper Handling:** Always handle the gauge with care. Avoid dropping or mishandling it to prevent damage.
- **Use in Safe Environment:** Ensure you are in a clean and organized workspace free from distractions when using the gauge.
- **Personal Protective Equipment (PPE):** Wear appropriate PPE, such as safety glasses, when using tools in conjunction with the gauge.
- **Calibration Check:** Regularly check the calibration of the gauge to maintain accuracy. Consult a professional if unsure about the gauge's condition.
- **Avoid Contamination:** Keep the gauge free from oil, dirt, or any foreign substances that could affect its accuracy.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before attempting to use the gauge.
- Gather all necessary tools and materials to perform the task at hand.

### 2. Using the Gauge:

- Select the appropriate Clymer Go Headspace Gauge for your specific caliber (e.g., .45 Long Colt).
- Insert the gauge into the chamber of the firearm gently and without force.
- Observe if the gauge fits snugly in the chamber. If it does not fit, consult a professional gunsmith.
- If the gauge fits, it indicates that the chamber dimensions are within safe limits for that caliber.

### 3. PostUse Care:

- Clean the gauge after use to prevent corrosion and maintain accuracy.
- Store the gauge in a protective case or designated area to prevent damage.

## Disposal Instructions

- Dispose of the Clymer Go Headspace Gauge in accordance with local regulations for metal waste.
- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged beyond repair, consult local recycling centers for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Clymer Go Headspace Gauges, please refer to the manufacturer's customer support channels.

By following these safety instructions, you can ensure the effective and safe use of the Clymer Go Headspace Gauges. Always prioritize safety and accuracy in your firearms work.
