

NO-GO HEADSPACE GAUGES - CLYMER 45 LONG COLT NO-GO GAUGE

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [CLYMER 45 LONG COLT NO-GO GAUGE](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100511
- Mfr. No.: NG45LC
- Cartridge: 45 (Long) Colt
- Colour: Steel
- Height: -
- Length: -
- Material: Steel
- Model Number: -
- Style: No Go Gauge
- Weight: -
- Width: -
- Delivery weight: 0.018kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

Safety Instruction Guide for CLYMER NOGO HEADSPACE GAUGES CLYMER 45 LONG COLT NOGO GAUGE

Introduction

Thank you for choosing the CLYMER NOGO HEADSPACE GAUGES CLYMER 45 LONG COLT NOGO GAUGE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the gauge to understand the precautions necessary for safe operation.

General Safety Guidelines

- Ensure that the gauge is used in accordance with the manufacturer's instructions.
- Always check the headspace before firing any used firearm.
- Use the gauge only for its intended purpose, which is to measure the chamber length of a rifle.
- Keep the gauge out of reach of children and vulnerable individuals.
- If you notice any signs of damage or wear on the gauge, do not use it and contact a qualified professional for assistance.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Before using the gauge, ensure that the firearm is unloaded and pointed in a safe direction.
- Use protective eyewear when measuring headspace to prevent injury from potential debris.
- Handle the gauge with care to avoid dropping or damaging it.
- Always store the gauge in a protective case when not in use to prevent accidental damage.
- Do not attempt to modify or alter the gauge in any way.
- Ensure that the gauge is clean and free of debris before each use to ensure accurate measurements.
- Follow the specific instructions for the gauge provided in the product documentation.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded.
- Gather necessary tools and protective equipment.

2. Using the Gauge:

- Insert the NOGO gauge into the chamber of the firearm.
- Ensure that the gauge is fully seated in the chamber.
- Attempt to close the bolt on the gauge.
- If the bolt does not close completely, the headspace is within acceptable limits.
- If the bolt closes completely, the headspace is excessive and may indicate a safety issue.

3. PostUse:

- Remove the gauge from the chamber.
- Clean the gauge after use to maintain its accuracy.
- Store the gauge in a safe, dry place.

Disposal Instructions

- Dispose of the gauge responsibly at a designated waste facility.
- Do not dispose of the gauge in regular household waste.
- Follow local regulations for the disposal of metal and precision instruments.

Contact Information for Further Support

For any questions or concerns regarding the use of the CLYMER NOGO HEADSPACE GAUGES CLYMER 45 LONG COLT NOGO GAUGE, please reach out to the manufacturer's customer support or consult the product documentation for further assistance.

Thank you for prioritizing safety while using this product. Your adherence to these guidelines helps ensure a safe experience for all users.
