

NO-GO HEADSPACE GAUGES - CLYMER NO GO 12 GA HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [CLYMER NO GO 12 GA HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184110121
- Mfr. No.: NG12
- Cartridge: 12 Gauge
- Colour: Steel
- Height: 0.788"
- Length: 1.26"
- Material: Steel
- Model Number: NO GO 12 Ga
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 0.788"
- Delivery weight: 0.091kg
- Shipping height: 30mm
- Shipping width: 30mm
- Shipping length: 66mm

Safety Instruction Guide for HEADSPACE GAUGES NOGO CLYMER NO GO 12 GA HEADSPACE GAUGE STEEL

Introduction

Thank you for choosing the HEADSPACE GAUGES NOGO CLYMER NO GO 12 GA HEADSPACE GAUGE STEEL. This product is designed to ensure safe and accurate measurement of the chamber length of your firearm. It is essential for chambering a new barrel and for checking headspace before firing a used gun. This safety instruction guide provides important information on the safe use, installation, and disposal of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure safe use of the HEADSPACE GAUGE, please adhere to the following guidelines:

- Always read the instructions carefully before using the product.
- Ensure that the gauge is compatible with your firearm's specifications.
- Regularly inspect the gauge for any signs of wear or damage before use.
- Store the gauge in a safe and dry place, away from moisture and extreme temperatures.
- Keep the gauge out of reach of children and vulnerable individuals.
- Report any accidents or unsafe conditions to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

When using the HEADSPACE GAUGE, follow these specific safety precautions:

- Always wear appropriate eye protection when using firearms.
- Ensure the firearm is unloaded before using the gauge.
- Use the gauge in a welllit and controlled environment.
- Do not force the gauge into the chamber; it should fit snugly without excessive pressure.
- If the gauge does not fit, do not attempt to modify it or the firearm.
- Follow the manufacturer's specifications for the gauge and your firearm.
- Consult a professional gunsmith if you are unsure about the usage of the gauge.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the HEADSPACE GAUGE:

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Clean the chamber of the firearm to remove any debris or obstructions.

2. Using the Gauge:

- Insert the NOGO gauge into the chamber of the firearm.
- Gently push the gauge into the chamber until it stops. Do not force it.
- If the gauge fits without resistance, the headspace is too large, and the firearm may not be safe to use.
- If the gauge does not fit, the headspace is acceptable.

3. **PostUse:**

- Remove the gauge from the chamber.
- Clean the gauge after use to maintain its accuracy.
- Store the gauge in a safe place.

Disposal Instructions

When disposing of the HEADSPACE GAUGE, please follow these guidelines:

- Do not dispose of the gauge in household waste.
- Check local regulations for proper disposal methods of metal products.
- Consider recycling the gauge if possible.
- Ensure that the gauge is disposed of in a manner that does not pose a risk to the environment or public safety.

Contact Information for Further Support

For any inquiries or concerns regarding the HEADSPACE GAUGE, please contact the manufacturer or refer to the product documentation. Ensure you have the product details available for efficient assistance.

By following these safety instructions, you can ensure the safe and effective use of the HEADSPACE GAUGES NOGO CLYMER NO GO 12 GA HEADSPACE GAUGE STEEL. Thank you for prioritizing safety in your firearm practices.
