[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [CLYMER NO GO 20 GA HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184110201
- Mfr. No.: NG20
- Cartridge: 20 Gauge
- Colour: Steel
- Height: 0.68"
- Length: 1.25"
- Material: Steel
- Model Number: NO GO 20 Ga
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 0.68"
- Delivery weight: 0.068kg
- Shipping height: 30mm
- Shipping width: 28mm
- Shipping length: 66mm

# Safety Instruction Guide for HEADSPACE GAUGES NOGO CLYMER NO GO 20 GA HEADSPACE GAUGE STEEL

## Introduction

Thank you for choosing the HEADSPACE GAUGES NOGO CLYMER NO GO 20 GA HEADSPACE GAUGE STEEL. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the gauge.

## General Safety Guidelines

- Ensure proper training and understanding of firearms and headspace gauges before use.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the gauge for any damage before use. Do not use if damaged.
- Keep the gauge out of reach of children and unauthorized users.
- Report any unsafe product conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using firearms.
- Verify the compatibility of the gauge with the specific firearm before use.
- Do not use the gauge in a manner not intended by the manufacturer.
- Avoid using the gauge in wet or humid environments to prevent rust.
- Store the gauge in a dry and secure location when not in use.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and equipment, including the headspace gauge.

### 2. Using the Gauge

- Insert the NOGO gauge into the chamber of the firearm.
- Attempt to close the bolt on the gauge.
- If the bolt closes, the headspace is too long, and further inspection or adjustment is necessary.
- If the bolt does not close, the headspace is within acceptable limits.

### 3. PostUse Care

- Clean the gauge after use to remove any debris or residue.
- Store the gauge in its original packaging or a protective case to prevent damage.

## Disposal Instructions

- Dispose of the gauge responsibly. Follow local regulations for the disposal of metal products.
- Do not dispose of the gauge in regular household waste.
- Consider recycling the gauge if applicable.

## **Contact Information for Further Support**

For any inquiries regarding safety or product concerns, please reach out to your local distributor or manufacturer's representative. Ensure that you have the product details ready for reference.

By following these safety instructions, you can ensure the safe and effective use of the HEADSPACE GAUGES NOGO CLYMER NO GO 20 GA HEADSPACE GAUGE STEEL. Always prioritize safety and compliance with relevant regulations. Thank you for your attention to these important guidelines.
