

# NO-GO HEADSPACE GAUGES - 410 BORE NO-GO GAUGE

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [410 BORE NO-GO GAUGE](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184110411
- Mfr. No.: NG410
- Cartridge: .410 Bore
- Color: Steel
- Height: -
- Length: -
- Material: Steel
- Model Number: 410 Bore NO GO
- Style: No Go Gauge
- Weight: -
- Width: -
- Delivery weight: 0.023kg
- Shipping height: 18mm
- Shipping width: 15mm
- Shipping length: 61mm

# Clymer NoGo Headspace Gauges Safety Instruction Guide

## Introduction

Thank you for choosing the Clymer NoGo Headspace Gauges. These precision tools are designed to help ensure that your firearm operates safely and effectively. This guide provides essential safety information and instructions for proper use, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Always ensure that the Clymer NoGo Headspace Gauges are used in accordance with the manufacturer's instructions. This ensures safe use and mitigates risks associated with improper handling.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided to return or remedy the product.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements. Verify the product's authenticity and safety certifications.
- **Special Consumer Focus:** Extra care should be taken when using these tools around children or individuals unfamiliar with firearm safety. Always supervise their use.
- **EU Contact Point:** For any safety inquiries, ensure you have access to an EU-based contact point for support.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety and recalls.

## Specific Safety Precautions for Use

- **Avoid Excessive Force:** Do not apply excessive force when using the gauges, as this may lead to inaccuracies or damage to the tool.
- **Inspect Before Use:** Always inspect the gauge for any signs of wear or damage before use. Do not use if damaged.
- **Use in a Controlled Environment:** Ensure that you are in a safe and controlled environment when using the gauges to prevent accidents.
- **Follow Firearm Safety Rules:** Always adhere to standard firearm safety rules when using the gauges in conjunction with firearms.
- **Store Safely:** Keep the gauges in a secure location, out of reach of children and unauthorized users.

## Instructions for Installation and Usage

1. **Select the Correct Gauge:** Choose the appropriate Clymer NoGo Headspace Gauge for your firearm's caliber.
2. **Prepare the Firearm:** Ensure the firearm is unloaded and in a safe condition before proceeding.
3. **Insert the Gauge:** Gently insert the NoGo Gauge into the chamber of the firearm. Do not force it in.
4. **Check the Fit:**
  - If the gauge fits freely, the chamber exceeds the maximum safe headspace, and the firearm should not be used until corrected.
  - If the gauge does not fit, the chamber is within safe limits.
5. **Repeat as Necessary:** If you are chambering a new barrel or making adjustments, repeat the process as needed to verify headspace.
6. **Clean After Use:** After using the gauge, clean it to maintain its precision and longevity. Store it in its protective case or designated storage area.

## Disposal Instructions

- **Responsible Disposal:** Dispose of any damaged or worn gauges in accordance with local regulations for metal waste. Do not dispose of in regular household waste.
- **Recycling:** If possible, recycle the gauge materials to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the Clymer NoGo Headspace Gauges, please refer to the manufacturer's contact information provided with your product packaging or visit their official website for assistance.

By following these safety instructions, you can ensure the proper use of the Clymer NoGo Headspace Gauges, enhancing both safety and performance in your gunsmithing activities.
