# WHEELS CRATEX WHEEL Safety Instruction Guide

## Introduction

Thank you for choosing the WHEELS CRATEX WHEEL, EXFINE, #74 WHEEL, 1/16" ARBOR. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the product is suitable for your intended application.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for wear and damage to the product before use.
- If you notice any defects or irregularities, do not use the product.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Ensure that the work area is clean, dry, and welllit.
- Do not exceed the recommended operating speeds for the wheels.
- Avoid using the wheels near flammable materials or in explosive environments.
- Do not use the wheels for applications other than those specified by the manufacturer.
- Always secure the workpiece properly before using the wheel.
- Do not apply excessive pressure when using the wheel; let the tool do the work.
- Be aware of the potential for dust generation and use a dust mask if necessary.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the tool is turned off and unplugged before installation.
- Remove the existing wheel if necessary, following the manufacturer's instructions.
- Carefully attach the WHEELS CRATEX WHEEL to the tool with the 1/16" arbor.
- Tighten securely according to the tool's specifications.
- Inspect the installation to ensure proper alignment and secure attachment.

### 2. Usage:

- Turn on the tool and allow it to reach full speed before making contact with the workpiece.
- Hold the tool firmly with both hands for better control.
- Gradually introduce the wheel to the material, using light pressure.
- Monitor the wheel's performance and stop immediately if you notice any unusual sounds or vibrations.
- After use, turn off and unplug the tool before removing the wheel.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product with regular household waste.
- Consider recycling options if available in your area.
- Ensure that any hazardous materials are disposed of properly.

## **Contact Information for Further Support**

For any safety inquiries or further support, please refer to the manufacturer's contact information provided with the product packaging.

Please ensure to keep this guide for future reference and share it with anyone who may use the WHEELS CRATEX WHEEL. Your safety is our priority.
