# Safety Instruction Guide for ABRASIVE RODS 1/4 X 6" CRATEX ROD

## Introduction

Thank you for choosing the ABRASIVE RODS 1/4 X 6" CRATEX ROD. These rods are designed for use with the Menck Damascening Tool and provide consistent results with close size control. This guide outlines essential safety information to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before use.
- Do not use the product if it appears damaged or defective.
- Follow all safety instructions provided in this guide to minimize risks.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the abrasive rods.
- Avoid inhaling dust generated during use; consider using a dust mask.
- Ensure proper ventilation in the work area to dissipate any harmful dust.
- Do not apply excessive pressure while using the rods; let the tool do the work.
- Store the rods in a dry and secure place when not in use to prevent accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment before starting.
- Ensure that the Menck Damascening Tool is compatible with the abrasive rods.

### 2. Installation:

- Insert the abrasive rod into the designated holder of the Menck Damascening Tool.
- Secure the rod firmly to prevent it from loosening during operation.

### 3. Usage:

- Turn on the Menck Damascening Tool as per the manufacturer's instructions.
- Apply the abrasive rod to the material gently, allowing the tool to glide smoothly.
- Monitor the pressure applied; excessive force can lead to breakage or injury.
- After use, turn off the tool and safely remove the abrasive rod.

## Disposal Instructions

- Dispose of used or damaged abrasive rods in accordance with local waste management regulations.
- Do not dispose of the product in household waste; check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the product, please reach out to the appropriate EU contact point.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective experience with the ABRASIVE RODS 1/4 X 6" CRATEX ROD. Always prioritize safety and consult this guide whenever needed. Thank you for your attention to safety!
