

# 1911 FITTING & DEBURRING FILE SET - APEX TOOL GROUP 1911 FILE SET

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Files](#)

## Indispensable For Accurizing Your Pistol For Precise Fit & Function

Convenient set of five, round parallel files for deburring mag release hole, slide stop hole, and other frame pin holes to ensure precise fit and smooth function of your 1911. Also use to fit, shape, and blend beavertail grip safety to frame. American-pattern, single-cut files ensure gradual, even metal removal to help you maintain precise dimensions. Indispensable for any accurizing job.

# Safety Instruction Guide for 1911 Fitting & Deburring File Set

## Introduction

Thank you for choosing the 1911 Fitting & Deburring File Set by APEX Tool Group. This guide provides essential safety instructions and operational guidelines to ensure safe and effective use of this product. Please read this document carefully before using the files.

## General Safety Guidelines

- Always use the files in accordance with the intended purpose to prevent accidents or injuries.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep files away from children and vulnerable individuals to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect against metal shavings and sharp edges.
- Inspect the files before use for any damage or defects. Do not use damaged files.
- Store the files in a safe place when not in use to prevent accidental injuries.

## Specific Safety Precautions for Use

- Use the files only on materials for which they are designed. Do not use them on soft materials that may cause damage.
- Apply even pressure while filing to avoid slipping or losing control of the file.
- Always file away from your body to minimize the risk of injury.
- Avoid using excessive force, as this can lead to loss of control and potential injury.
- Do not use the files for purposes other than fitting and deburring.
- Ensure that the workpiece is securely clamped or held in place before beginning to file.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and safety equipment.
- Ensure the workpiece is clean and free of debris.

### 2. Selecting the Right File:

- Choose the appropriate file size based on the hole or area you need to work on.
- The kit contains files with the following diameters:
  - 1/8" (3.2mm)
  - 5/32" (4mm)
  - 3/16" (4.8mm)
  - 7/32" (5.6mm)
  - 1/4" (6.4mm)

### 3. Filing Technique:

- Hold the file with one hand on the handle and the other hand at the tang for better control.
- Start filing at one end of the hole and move the file in a smooth, controlled motion.
- Use a backandforth motion, applying light pressure, to gradually remove material.
- Frequently check the fit and dimensions of the workpiece to ensure accuracy.
- After filing, remove any metal shavings from the work area to maintain cleanliness.

#### **4. PostUse Care:**

- Clean the files after use to remove any debris or metal shavings.
- Store the files in their designated storage case to prevent damage and ensure longevity.

## **Disposal Instructions**

- Dispose of any metal shavings and debris in accordance with local regulations.
- If the files become damaged beyond repair, dispose of them in a safe manner to prevent injury to others.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the contact information provided by the retailer or manufacturer. Ensure you have the product details available when seeking support.

By following these safety instructions, you can ensure a safe and effective experience while using the 1911 Fitting & Deburring File Set. Thank you for your attention to these guidelines, and enjoy your work!
