

HALF-ROUND FILES - APEX TOOL GROUP HALF-ROUND FILE, SECOND CUT, 8" (20.3 CM) STEEL

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Files](#)

Excellent For Finish Work

BROWNELLS HALF-ROUND FILES The Brownells Half-Round Files are versatile tools designed for gunsmiths and metalworkers requiring precision in both concave and flat surface work. These files are ideal for tasks such as shaping and smoothing curved metal surfaces, fitting custom parts, and general material removal, ensuring high-quality craftsmanship in firearm customization and repair. **Description and Features:** Crafted from high-quality steel, these half-round files feature a dual-surface design: a flat side for straight edges and a rounded side for curved surfaces. This combination allows for efficient material removal and fine finishing in various applications. The files taper slightly in both width and thickness, providing enhanced control and precision in detailed work. Available in bastard cut, they are suitable for both wood and metalworking tasks. **Specifications:** Length: 8 inches (20.3 cm) Cut Type: Bastard, Second, Half-Round Material: High-quality steel Design: Tapered in width and thickness **Customer Insights:** Customers of the Brownells Half-Round Files appreciate their versatility and precision. The dual-surface design allows for efficient shaping and smoothing of both flat and curved surfaces, making them indispensable for various gunsmithing tasks. Customers also value the durable construction, noting that the files maintain their sharpness and effectiveness over extended use. Incorporating the Brownells Half-Round Files into your toolkit ensures you have the appropriate tools for detailed material shaping and finishing, enhancing the quality and precision of your gunsmithing and metalworking projects.

Attributes

Safety Instruction Guide for HALFROUND FILES APEX TOOL GROUP SECOND CUT, 8" (20.3 CM)

Introduction

Thank you for choosing the HALFROUND FILES APEX TOOL GROUP SECOND CUT, 8" (20.3 CM). This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read this document carefully before using the file.

General Safety Guidelines

- Always inspect the file for any damage or defects before use.
- Keep the file out of reach of children and vulnerable individuals.
- Use the file only for its intended purpose, which is for shaping and smoothing materials such as wood and metal.
- Ensure your working area is welllit and free of clutter to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, to protect against debris and sharp edges.
- Store the file in a safe place when not in use to prevent injuries.

Specific Safety Precautions for Use

- Avoid applying excessive force while using the file, as this can lead to breakage or loss of control.
- Always file away from your body to minimize the risk of injury.
- Do not use the file on materials that are too hard for its design, as this may damage the file.
- Be cautious of sharp edges and points; handle the file with care.
- If you notice any unusual wear or damage to the file, discontinue use immediately and replace it.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you are wearing appropriate PPE.
- Select the correct file size and type for your project.

2. Using the File:

- Hold the handle firmly with one hand and support the material with the other.
- Begin filing on the material using smooth, even strokes.
- Use the doublecut flat side for aggressive material removal and the singlecut curved side for finishing touches.
- Periodically check your progress and adjust your technique as needed.

3. PostUse:

- Clean the file after each use to remove debris and prevent rusting.
- Store the file in a protective case or sheath to maintain its condition.

Disposal Instructions

- Dispose of the file in accordance with local regulations.
- If the file is damaged beyond repair, ensure it is disposed of in a manner that prevents injury to others.

Contact Information for Further Support

For any safety inquiries or concerns regarding the HALFROUND FILES APEX TOOL GROUP SECOND CUT, 8" (20.3 CM), please refer to the manufacturer's contact information provided with your product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your HALFROUND FILES APEX TOOL GROUP SECOND CUT, 8" (20.3 CM). Always prioritize safety and responsible usage. Thank you for your attention to these important guidelines.
