Safety Instruction Guide for MILL FILES APEX TOOL GROUP SMOOTH CUT, 6" (15.2CM)

Introduction

Thank you for choosing the MILL FILES APEX TOOL GROUP SMOOTH CUT. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully to minimize risks and enhance your experience.

General Safety Guidelines

- Ensure that the file is used only for its intended purpose, which is drawfiling and finishing metals.
- Always inspect the file before use for any signs of damage or wear.
- Store the file in a safe place, out of reach of children and pets.
- Use personal protective equipment (PPE) such as gloves and safety goggles to protect yourself from metal shavings and sharp edges.
- Be aware of your surroundings and ensure that the area is clear of obstacles and bystanders while using the file.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always hold the file by the handle to prevent accidental cuts.
- Avoid applying excessive force while using the file; let the tool do the work.
- Use the file in a welllit area to ensure visibility of your work and the tool.
- Do not use the file if you are tired or under the influence of substances that may impair your judgment.
- Keep your hands and fingers away from the cutting edges to avoid injury.
- If the file becomes clogged with metal shavings, clean it using a wire brush or file card before continuing use.

Instructions for Installation and Usage

• Step 1: Prepare Your Workspace

- Ensure your workspace is clean and organized.
- Gather all necessary tools and materials before starting.

• Step 2: Inspect the File

- Check the file for any damage.
- Ensure that both edges are square and that the cutting surfaces are intact.

• Step 3: Secure the Workpiece

- Use a vise or clamps to secure the metal piece you will be filing.
- Ensure that the workpiece is stable and will not move during filing.

• Step 4: Use the File

- Hold the file by the handle with a firm grip.
- Position the file at a slight angle to the workpiece.
- Draw the file towards you, applying even pressure.
- Lift the file off the workpiece at the end of each stroke to avoid damage.

- **Step 5: Clean Up**

- After use, clean the file with a wire brush to remove any metal shavings.
- Store the file in a protective case or designated storage area.

Disposal Instructions

- Dispose of the file in accordance with your local regulations.
- If the file is worn out or damaged beyond repair, consider recycling metal components where possible.
- Do not dispose of the file in regular household waste if it can pose a hazard to others.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MILL FILES APEX TOOL GROUP SMOOTH CUT, please refer to the manufacturer's contact information provided with your product packaging or visit their official website.

By following these safety instructions, you can ensure a safe and effective experience with your MILL FILES APEX TOOL GROUP SMOOTH CUT. Thank you for your attention to safety!
