# Safety Instruction Guide for STANDARD PILLAR FILES SWISS PATTERN

## Introduction

Thank you for choosing the STANDARD PILLAR FILES from APEX TOOL GROUP. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the files. Adhering to these instructions will help you avoid potential hazards and ensure compliance with EU General Product Safety Regulations (GPSR).

## General Safety Guidelines

- Always inspect the files before use. Do not use if damaged.
- Keep files out of reach of children and vulnerable individuals.
- Use the files only for their intended purpose.
- Store files in a dry, safe place to prevent rust and damage.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure a stable working surface when using the files to prevent slips and accidents.
- Avoid excessive force when filing to reduce the risk of injury.
- Do not use the files on materials that exceed their specifications.
- Be cautious of sharp edges and points when handling files.
- Do not use files to pry or chisel; they are designed for filing only.
- Always direct the file away from your body when in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure your workspace is clean and organized.

### 2. Using the Files:

- Hold the file by the handle, ensuring a firm grip.
- Position the file at a comfortable angle against the material you are filing.
- Apply light to moderate pressure while moving the file in a forward motion. Lift the file on the return stroke to avoid damage.
- Use the appropriate cut size for your specific filing needs (e.g., #2 cut for general use).

### 3. PostUse Care:

- Clean the files after use to remove debris and prevent rust.
- Store files in a protective case or pouch to avoid damage.

## Disposal Instructions

- Dispose of files responsibly in accordance with local regulations.
- Do not dispose of files in regular household waste if they are damaged or broken.

- Consider recycling options where available.

## **Contact Information for Further Support**

For any inquiries or support regarding the STANDARD PILLAR FILES, please contact your local distributor or refer to the manufacturer's website for additional resources.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your STANDARD PILLAR FILES.
