

1911 SOLID ALUMINUM MATCH TRIGGER - CYLINDER & SLIDE ALUM. MATCH TRIGGER, LONG

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Replaces Sloppy-Fitting Factory Trigger; Smooth, Rounded Face For Comfort

Match-grade replacement trigger improves control and increases shooting comfort for greater accuracy. Solid, aluminum alloy trigger shoe is oversized for precise fitting to your frame. Smooth, rounded face eliminates tender finger caused by abrasions from sharply serrated trigger faces during long shooting sessions. Transmits the actual trigger action more effectively for a better feel of actual pull weight and improved control of letoff. Stainless steel trigger bow is longer than factory length to reduce take up. Overtravel screw helps eliminate trigger overtravel. Available with Short, Medium, and Long trigger shoe. Gunsmith fitting required.

Attributes

- Name: [CYLINDER & SLIDE ALUM. MATCH TRIGGER, LONG](#)

Safety Instruction Guide for 1911 Solid Aluminum Match Trigger

Introduction

Thank you for choosing the 1911 Solid Aluminum Match Trigger. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the trigger is compatible with your firearm model (Government, Commander, Officers).
- Always handle firearms with care and follow all safety protocols.
- Store the trigger in a safe place, away from children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Trigger Compatibility:** Ensure that the trigger is designed for your specific 1911 model.
- **Gunsmith Fitting Required:** Professional fitting is recommended to ensure proper installation and function.
- **Avoid Overtravel:** Adjust the overtravel screw carefully to prevent unintended discharge.
- **Control During Shooting:** Be aware that the improved trigger may change your shooting dynamics; practice accordingly.
- **Finger Safety:** Keep your fingers away from the trigger until you are ready to fire.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a screwdriver and any required fitting tools.

2. Installation:

- Remove the factory trigger from your firearm following the manufacturer's instructions.
- Fit the new 1911 Solid Aluminum Match Trigger into the trigger slot.
- Adjust the stainless steel trigger bow to the desired length to reduce takeup.
- Tighten the overtravel screw to limit trigger overtravel.

3. Testing:

- After installation, test the trigger in a safe environment to ensure proper function.
- Check for any signs of misalignment or improper fitting. If issues arise, consult a qualified gunsmith.

4. Usage:

- Practice using the new trigger in a controlled environment to become accustomed to its feel and responsiveness.
- Always follow basic firearm safety rules when using your firearm.

Disposal Instructions

- Dispose of the product responsibly according to local regulations.
- Do not throw the trigger or any components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Solid Aluminum Match Trigger, please consult with a qualified gunsmith or your local firearm dealer for assistance.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your firearm are our top priorities.
