

# SERIES 80 TRIGGER PULL REDUCTION KIT - CYLINDER & SLIDE

## 1911 S80 TRIGGER PULL KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Performance Enhancing Kits](#)

### Super-Slick Parts Lighten The Series 80 Pull

Titanium-nitrided parts, with an exclusive moly-disulfide coating, reduce trigger pull weight without risky modifications to Series 80 Colt's firing pin safety system. Reduces the creep and jump in the takeup that's inherent in these guns. When used with custom, after-market parts, trigger pulls as low as 2-½ lbs. can be safely achieved without hammer-follow.

### Attributes

- Name: [CYLINDER & SLIDE 1911 S80 TRIGGER PULL KIT](#)
- Manufacturer: [CYLINDER & SLIDE](#)
- Product no.: 206080000

# Safety Instruction Guide for SERIES 80 TRIGGER PULL REDUCTION KIT

## Introduction

Thank you for choosing the SERIES 80 TRIGGER PULL REDUCTION KIT by CYLINDER & SLIDE. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only by individuals who are familiar with firearms and their operation.
- Always handle firearms with care and respect. Treat every firearm as if it is loaded.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before each use.
- If you experience any issues with the product, discontinue use immediately and seek professional assistance.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the kit is compatible with your Series 80 Colt's firearm.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting, which could lead to malfunction.
- **Trigger Pull Weight:** Be aware that the kit can reduce trigger pull weight to as low as 2½ lbs. This may affect the firearm's handling characteristics.
- **Firing Pin Safety:** The kit is designed to work with the Series 80 firing pin safety system. Do not modify or bypass this system.
- **Use with Other Parts:** When using this kit with custom or aftermarket parts, ensure they are compatible and safe to use together.
- **Testing:** After installation, conduct a thorough function test in a safe environment before using the firearm in a live setting.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including appropriate screwdrivers and punches.

### 2. Installation Steps:

- Remove the slide from the frame of the firearm.
- Carefully remove the existing components that will be replaced by the kit (hammer pin, sear pin, trigger lever, National Match plunger lever, and firing pin block plunger).
- Install the new components from the kit in the reverse order of removal, ensuring they are properly seated and aligned.
- Verify that all components are securely in place and that there is no obstruction in the mechanism.

### 3. Function Test:

- With the firearm reassembled, conduct a function test in a controlled environment.
- Check for smooth operation of the trigger and ensure that the firing pin safety mechanism is

functioning correctly.

#### **4. Regular Maintenance:**

- Regularly clean and maintain the firearm and the installed components to ensure optimal performance and safety.

## **Disposal Instructions**

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, take it to a designated waste disposal facility that handles hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the SERIES 80 TRIGGER PULL REDUCTION KIT, please refer to the manufacturer's contact information provided with your purchase. It is important to have a clear line of communication for safety inquiries.

By following these guidelines, you can ensure the safe use of the SERIES 80 TRIGGER PULL REDUCTION KIT. Always prioritize safety and seek professional assistance if you are unsure about any aspect of installation or usage. Thank you for your attention to these important safety instructions.
