## 1911 RPM MAGAZINE 10RD 45ACP STAINLESS STEEL

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

New Feed Lip Configuration For Ultra-Smooth, Extremely Reliable Feeding The Chip McCormick .45 ACP Railed Power Mag has unique dual-wall "feed rails" that are twice as strong as standard feed lips to prevent jams caused by bent, warped, or damaged lips. The rails provide an extremely smooth surface that further encourages smooth feeding. The key is putting extra metal on the feed lip area, then rolling it inward for a huge increase in overall rigidity of this area. The Chip McCormick .45 ACP Railed Power Mag also has a mag body of corrosion-resistant stainless steel with laser welded seams so there are no snags when inserting or dropping the mag from the magwell. The spring is McCormick's proprietary high tensile strength Rocket Wire with plenty of energy to keep even a full round stack moving. 10-Round capacity Stainless steel mag tube Black polymer base pad is beveled to accommodate mag wells Witness holes The Chip McCormick .45 ACP Railed Power Mag have been independently tested and proven to have twice the service life of ordinary 1911 mags.

### Attributes

- Name: [CHIP MCCORMICK CUSTOM 1911 RPM MAGAZINE 10RD 45ACP STAINLESS STEEL](#)

# Consumer Safety Instruction Guide for the Chip McCormick .45 ACP Railed Power Mag

## Introduction

Thank you for choosing the Chip McCormick .45 ACP Railed Power Mag. This guide provides essential safety instructions to ensure the safe use of your magazine. Please read and follow these guidelines carefully to avoid hazards and ensure the longevity of your product.

## General Safety Guidelines

- Always treat the magazine as if it is loaded.
- Keep the magazine out of reach of children and unauthorized persons.
- Inspect the magazine regularly for any signs of damage or wear.
- Use only with compatible firearms as specified by the manufacturer.
- Do not attempt to modify or disassemble the magazine.
- Store the magazine in a cool, dry place away from direct sunlight.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the magazine is compatible with your 1911 firearm model.
- Always check that the magazine is properly seated in the firearm before use.
- Avoid using damaged or worn magazines to prevent malfunctions.
- Do not force the magazine into the firearm; it should fit securely without excessive pressure.
- Be aware of your surroundings and ensure a safe backdrop when using the firearm.
- Do not use the magazine in adverse weather conditions that may affect performance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the magazine with the magazine well of the firearm.
- Firmly press the magazine into the well until it clicks into place.
- Confirm that the magazine is securely locked in position.

### 2. Usage:

- Load the magazine by inserting .45 ACP cartridges into the magazine body.
- Ensure that the cartridges are seated correctly and that the magazine is not overfilled.
- Insert the loaded magazine into the firearm as instructed above.
- Follow all safety protocols when handling and firing the firearm.

## Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer functional, do not attempt to repair it.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's website or customer service channels.

By following these guidelines, you can ensure the safe and effective use of the Chip McCormick .45 ACP Railed Power Mag. Thank you for your attention to these important safety instructions.
