

# AR-15 TACTICAL TRIGGER GROUP - CMC TRIGGERS SINGLE STAGE TRIGGER CURVED 5 LB PULL

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

## Drop-In Trigger Module Is Factory Tuned For A Super Smooth, Clean-Breaking Pull

CMC's self-contained, drop-in trigger module replaces the heavy factory trigger found in many commercial AR-15s and delivers a crisp, clean pull with a consistent, pre-set pull weight. Originally designed by competition shooter Chip McCormick to provide all the advantages of a fine, match-grade, single-stage trigger without having to fit and adjust multiple components. A rigid, steel, trigger housing holds all the factory-tuned internal components in proper alignment for easy, fast installation. Generous, precision-ground sear/hammer engagement surfaces provide a remarkably clean, crisp release while preserving reliable function. Each trigger assembly is tweaked at the factory to minimize take-up and over-travel. Threaded sleeves provide ultra-smooth pivot surfaces for the hammer and trigger. Two, slightly oversized center pins replace the standard, trigger/hammer pins to save wear, reduce friction, and prevent trigger wobble; "Chicago"-style screws prevent pin walk. CMC single-stage AR-15 triggers are available with traditional Curved trigger shoe, or skeletonized Flat shoe that provides a different feel some shooters prefer and gives your AR a distinctive look. Two-stage models also available - see separate listing.

## Attributes

- Name: [CMC TRIGGERS SINGLE STAGE TRIGGER CURVED 5 LB PULL](#)
- Manufacturer: [CMC TRIGGERS](#)
- Product no.: 207000048
- Mfr. No.: 93501

# Safety Instruction Guide for AR15 Tactical Trigger Group

## Introduction

Thank you for choosing the CMC Triggers Single Stage Trigger Curved 5 lb Pull for your AR15. This guide provides essential safety instructions, installation procedures, and usage guidelines to ensure your product operates safely and effectively. Please read this guide thoroughly before using the trigger group.

## General Safety Guidelines

- Ensure that all firearms are handled responsibly and in accordance with local laws and regulations.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store firearms and ammunition securely, away from children and unauthorized users.
- Regularly inspect your trigger group and firearm for any signs of wear or damage.
- Do not modify or alter the trigger group, as this may lead to unsafe operation.
- If you experience any malfunctions or irregularities, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation or use may result in accidental discharge.
- Mechanical failure may occur if the trigger group is not properly maintained.
- The trigger pull weight is fixed and not useradjustable; do not attempt to modify it.

- **Avoiding Hazards:**

- Follow the installation instructions carefully to ensure proper fit and function.
- Always use the trigger group with compatible AR15 models that utilize .154" diameter trigger and hammer pins.
- Ensure that the firearm is unloaded before installation or maintenance of the trigger group.
- Use caution when handling the firearm after installation, as the trigger may be more sensitive.

- **Agespecific Warnings:**

- This product is intended for use by individuals aged 18 and older. Keep out of reach of children.

## Instructions for Installation and Usage

- **Installation Steps:**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing trigger group from the AR15 by removing the trigger and hammer pins.
3. Carefully insert the CMC trigger module into the trigger housing.
4. Align the trigger and hammer pins with the holes in the trigger group and push them through.
5. Install the two (2) Chicagostyle center pins to secure the trigger group in place.
6. Doublecheck the alignment and ensure that the trigger moves freely without obstruction.
7. Reassemble any additional components of the firearm as necessary.

- **Usage Guidelines:**

- Test the trigger operation in a safe environment before using the firearm in the field.
- Familiarize yourself with the trigger pull and reset to ensure safe handling.
- Always keep your finger off the trigger until you are ready to shoot.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding hazardous materials and firearm components.
- Contact local waste management authorities for guidance on the proper disposal of firearm-related products.

## **Contact Information for Further Support**

For any questions or concerns regarding the CMC Triggers Single Stage Trigger Curved 5 lb Pull, please consult your local dealer or a qualified gunsmith. Additionally, it is recommended to check for any product recalls or safety alerts on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your adherence to these guidelines will help ensure safe and enjoyable use of your AR15 Tactical Trigger Group.
