

# AR-15 TWO STAGE TRIGGERS - CMC TRIGGERS TWO STAGE TRIGGER CURVED 2LB SET 2LB RELEASE

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The CMC 2-Stage trigger easily replaces your AR-15's gritty, heavy factory trigger and gives you a smooth, consistent, two-stage pull with a crisp, clean break, and a short reset. It's based on the drop-in trigger module originally designed by competition shooter Chip McCormick to provide all the advantages of a fine, match-grade trigger without the hand-fitting and trial-and-error. These two-stage CMC triggers come pre-set from the factory with a variety of first ("set") and second ("release") stage pull weights, so you can choose a combination that's best for your kind of shooting. And you can choose between a traditional Curved trigger shoe or an eye-catching Flat shoe with a different finger-to-trigger feel that some target shooters prefer. As with all CMC triggers, the AR-15 2-stage model has a robust steel housing that retains all the internal components in proper alignment for easy, fast installation. Generous, precision-ground sear/hammer engagement surfaces provide a remarkably clean, crisp release while preserving reliable function. Each trigger assembly is carefully adjusted at the factory for minimal take-up and over-travel. Threaded sleeves provide ultra-smooth pivot surfaces for the hammer and trigger. Two slightly oversized center pins replace the standard, trigger/hammer pins to prevent trigger wobble, reduce friction, and save wear. Chicago-type screws eliminate pin walk. Single-stage models are also available - see separate listing.

## Introduction

Thank you for choosing the CMC 2Stage Trigger for your AR15. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only in accordance with the manufacturer's instructions.
- Always handle firearms responsibly and in compliance with local laws and regulations.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Inspect the trigger and firearm regularly for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify the trigger or any of its components.
- Only use the CMC 2Stage Trigger with compatible AR15 and AR308 firearms.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation.
- Always wear appropriate eye protection when handling firearms.
- Be aware of your surroundings and ensure that no one is in the line of fire during use.
- Never place your finger on the trigger until you are ready to shoot.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger assembly from the AR15.
- Align the CMC 2Stage Trigger with the trigger housing and insert the Chicagostyle center pins.
- Secure the trigger in place, ensuring all components are properly aligned.
- Check for smooth operation by pulling the trigger and ensuring a clean break.
- Reassemble the firearm and conduct a function check before use.

### 2. Usage Guidelines:

- Familiarize yourself with the trigger's twostage pull before shooting.
- Practice safe shooting habits and maintain control of the firearm at all times.
- Adjust your grip and stance to ensure stability while shooting.
- If you experience any issues with the trigger, cease use immediately and consult a qualified gunsmith.

## Disposal Instructions

- Dispose of the trigger and any packaging materials in accordance with local waste disposal regulations.
- Do not incinerate or dispose of the product in a manner that could pose a risk to the environment.
