### A Drop-In Trigger Built for Your Colt Large-Pin Lower

A Large number of Colt-made AR-15s on the market that were produced between 1991 and 2009 are what's called a "large-pin lower," which means that they accept receiver pins with a diameter of 0.172-inch. For owners of guns with these receivers, getting parts that fit can be a challenge, but CMC Triggers stepped up with its AR-15 Single-Stage Large-Pin Triggers. The CMC AR-15 Single-Stage Large-Pin Triggers can be had with either a curved or flat trigger bow and are available in trigger-pull weights of 4.5, 5.5 and 6.5 pounds. Like CMC's other designs, these trigger units drop into any Colt large-pin lower receiver without any modifications. The triggers will not drop into any AR rifle that is built with the small-pin lower receivers commonly seen today. Each CMC Triggers AR-15 Single-Stage Large-Pin Trigger is assembled by hand at the company's facility, function-tested and ships with a set of anti-walk pins.

# Safety Instructions for CMC AR15 SingleStage LargePin Trigger

## Introduction

Thank you for choosing the CMC AR15 SingleStage LargePin Trigger. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use and maintain your trigger safely and effectively.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the firearm is unloaded when installing or handling the trigger.
- Store the trigger and firearm in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- Regularly inspect your trigger and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- Ensure that the CMC AR15 SingleStage LargePin Trigger is compatible with your firearm model.
- Only use the trigger with Colt largepin lower receivers; it is not compatible with smallpin lower receivers.
- Do not attempt to modify or alter the trigger in any way, as this may compromise safety and functionality.
- Always wear appropriate safety gear, including eye and ear protection, when using your firearm.
- If you experience any malfunctions or irregularities while using the trigger, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure that the firearm is completely unloaded. Remove the magazine and visually inspect the chamber.
2. **Disassemble the Firearm:** Follow the manufacturer's instructions to disassemble your AR15 for trigger installation.
3. **Remove the Old Trigger:** Carefully remove the existing trigger and components from the lower receiver.
4. **Install the CMC Trigger:**
  - Align the CMC AR15 SingleStage LargePin Trigger with the receiver.
  - Insert the antiwalk pins provided with the trigger to secure it in place.
5. **Reassemble the Firearm:** Follow the manufacturer's instructions to reassemble your AR15.
6. **Function Test:** Before using the firearm, conduct a function test to ensure the trigger operates correctly.

### Usage

- Follow standard safety protocols when handling and using your firearm.
- Regularly check the trigger for proper function and any signs of wear.
- If you notice any issues, stop using the trigger and seek assistance from a qualified gunsmith.

## **Disposal Instructions**

- Dispose of the CMC AR15 SingleStage LargePin Trigger in accordance with local regulations governing the disposal of firearm parts.
- Ensure that the trigger is rendered inoperable before disposal to prevent unauthorized use.
