

# AR-15 LOWER PARTS KIT - LOWER PARTS KIT

[Home](#)

## A Trigger-Free Parts Kit to Finish Your Stripped Lower

One of the reasons why the AR-15 is so popular among firearm enthusiasts is the ability to buy a stripped lower receiver and complete it on your own, adding in all the components you want and none you don't. However, many lower-parts kits on the market include every component, including the components that builders often toss to the side: a mil-spec trigger. Why pay for what you won't use? That's why CMC Triggers launched its AR-15 Lower Parts Kit. This CMC Triggers AR-15 Lower Parts Kit includes every small bit you need to complete a lower receiver, and all the parts included are guaranteed to meet or exceed military specifications. However, a few parts you won't get are the trigger, hammer and the springs associated with each. That's because CMC Triggers is providing consumers with the ability to add in their own trigger without having to pay for a mil-spec design that won't see use. After installing all of these components from the CMC Triggers AR-15 Lower Parts Kit, all you need to do is find a trigger, a buffer tube, stock and pistol grip, and your lower-receiver is ready to roll!

## Attributes

- Name: [LOWER PARTS KIT](#)
- Manufacturer: [CMC TRIGGERS](#)
- Product no.: 207000085
- Mfr. No.: 81500
- Make: AR-15
- Delivery weight: 0.091kg
- Shipping height: 25mm
- Shipping width: 44mm
- Shipping length: 114mm
- UPC: 859464006062

## Item details

Made in USA

US export classification: 0A501.x

# AR15 Lower Parts Kit Safety Instruction Guide

## Introduction

Thank you for choosing the CMC Triggers AR15 Lower Parts Kit. This guide provides essential safety instructions and best practices to ensure safe handling, installation, and use of the components included in this kit. It is important to follow these guidelines to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you are of legal age to purchase and use firearm components in your jurisdiction.
- Always handle all firearm parts with care and respect.
- Store the components in a secure location, out of reach of children and unauthorized individuals.
- Always treat every firearm as if it is loaded, even when it is not.
- Check for any visible damage to the components before use. If any parts appear damaged, do not use them.
- Follow all local laws and regulations regarding firearm assembly and usage.

## Specific Safety Precautions for Use

- When assembling the lower receiver, ensure that you are in a welllit and clean workspace.
- Use appropriate tools for installation to prevent injury and ensure proper assembly.
- Wear safety glasses and gloves to protect your eyes and hands during installation.
- Avoid distractions while assembling the components to maintain focus and precision.
- Do not modify any parts unless you are a qualified gunsmith or have received proper training.
- After assembly, conduct a thorough inspection of the lower receiver before using it with any upper receiver.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components from the AR15 Lower Parts Kit.
- Ensure your workspace is clean and organized.

### 2. Assembly Steps

- Install the magazine catch and spring according to the manufacturer's specifications.
- Insert the bolt catch and ensure it is properly secured.
- Install the safety selector and detent spring.
- Attach the buffer tube and ensure it is tightened securely.
- Install the pistol grip, ensuring that the screws are tightened.
- Remember, the kit does not include a trigger, hammer, or associated springs. You will need to purchase these components separately.

### 3. Final Inspection

- After assembly, check all components to ensure they are securely fastened.
- Test the function of the magazine catch and safety selector to ensure they operate smoothly.
- If you have installed a trigger, follow the manufacturer's instructions for proper installation and adjustment.

### 4. Usage

- Before firing, ensure that you have a proper understanding of firearm safety and handling.
- Always use appropriate ammunition that is compatible with your AR15 platform.
- Conduct a function check of the firearm before each use.

## **Disposal Instructions**

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not throw away parts in regular trash if they can be classified as hazardous.
- Contact your local waste management facility for proper disposal methods for firearm components.

## **Contact Information for Further Support**

For any questions or concerns regarding the CMC Triggers AR15 Lower Parts Kit, please refer to the manufacturer's website or customer service for assistance. Ensure you have all relevant product information on hand when seeking support.

By following these guidelines, you can help ensure a safe and enjoyable experience with your CMC Triggers AR15 Lower Parts Kit. Always prioritize safety and compliance with local laws when handling and using firearm components.
