

AR-15 LOWER PARTS KIT WITH TRIGGERS - CMC TRIGGERS LOWER PARTS KIT WITH TRIGGER SINGLE STAGE CURVED 3 LB

[Home](#)

A Complete Lower Parts Kit and Drop-In Trigger Unit\

Why pay for components you won't use on your next AR-15 build? That's the position of CMC Triggers, and that's why they paired their AR-15 Lower Parts Kit with one of the company's Single-Stage Drop-In 3.5-pound AR-15 triggers. Unlike standard AR-15 lower parts kits, the CMC Triggers option doesn't include a mil-spec trigger, hammer or the springs needed for either one. That way, those who are looking to add a CMC Trigger to their build won't have to buy a complete lower parts kit with pieces they won't use. Buyers can choose between curved or flat trigger bows. All that's needed now to finish your lower receiver is to add the grip of your choice! NOTE: grip NOT included. Kit Includes: 1.Bolt Catch 2.Bolt Catch Plunger 3.Bolt Catch Spring 4.Bolt Catch Roll Pin 5.Mag Release 6.Mag Release Button 7.Mag Release Spring 8.Buffer Retainer Spring 9.Safety 10. Buffer Retainer 11.Safety Detent Spring 12.Safety Detent 13.Trigger Guard 14.Trigger Guard Roll Pin 15.Takedown Detent Springs 16.Takedown Detents 17.Takedown Pins All parts meet or exceed MIL SPEC 100% CMC Triggers Product Warranty

Safety Instruction Guide for AR15 Lower Parts Kit with CMC Triggers

Introduction

Thank you for choosing the AR15 Lower Parts Kit with CMC Triggers. This guide provides essential safety instructions, ensuring the safe use and installation of your product. Please read this guide carefully before use to understand the safety measures and installation procedures.

General Safety Guidelines

- Ensure that all components of the kit are compatible with your specific AR15 model.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep the kit and all its components out of reach of children and unauthorized users.
- Use protective gear, such as safety glasses and gloves, when handling the parts.
- Do not attempt to modify or alter any components of the kit unless you are a qualified gunsmith.
- Always follow local laws and regulations regarding firearm assembly and usage.
- In case of any doubts regarding safety or assembly, consult a professional.

Specific Safety Precautions for Use

- Only use the kit in a wellventilated area to avoid inhaling any dust or particles.
- Inspect all parts for damage before installation; do not use damaged components.
- Ensure that your work area is clean and free of distractions while assembling your firearm.
- Be cautious of sharp edges on metal components during handling and installation.
- If you experience any issues during installation, stop immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a punch set, hammer, and screwdriver.
- Ensure you have a clean workspace with adequate lighting.

2. Installation Steps:

- Start by installing the Bolt Catch, Bolt Catch Plunger, and Bolt Catch Spring.
- Proceed to install the Mag Release, Mag Release Button, and Mag Release Spring.
- Install the Buffer Retainer and Buffer Retainer Spring.
- Next, install the Safety and Safety Detent, followed by the Safety Detent Spring.
- Install the Trigger Guard and secure it with the Trigger Guard Roll Pin.
- Finally, install the Takedown Detents, Takedown Detent Springs, and Takedown Pins.

3. Final Checks:

- After installation, ensure all components are securely in place.
- Perform a function check of the trigger and safety mechanisms before use.
- Make sure the firearm is unloaded and pointed in a safe direction during checks.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If any components of the kit are damaged or no longer usable, follow local guidelines for disposing of

metal and plastic parts.

Contact Information for Further Support

For any safety inquiries or support related to your AR15 Lower Parts Kit with CMC Triggers, please refer to the contact information provided by the manufacturer or retailer from whom you purchased the kit. Always ensure you are reaching out to a verified source for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and successful assembly of your AR15 Lower Parts Kit with CMC Triggers. Always prioritize safety and consult professionals if you are unsure about any aspect of the installation or usage of your product. Thank you for choosing our kit, and enjoy your building experience!
