

# AR-15 GAS TUBES NITRIDE - CMC TRIGGERS GAS TUBE RIFLE LENGTH NITRIDE BLACK

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Tubes](#)

## A Durable Gas Tube That'll Keep Your AR Running Right

It's often the little elements that get overlooked in an AR-15 build, and the gas tube is one of them. It could be said that this simple tube is the unsung hero of the AR platform, because without a solid gas tube, your semi-automatic functioning goes right out the window. That's why CMC Triggers put high-quality materials in its AR-15 Nitride Gas Tubes. Each CMC Triggers AR-15 Nitride Gas Tube is machined from 304 stainless steel and, as the name implies, is treated with a nitride finish that prevents corrosion and wear. Tubes are available in pistol, carbine, mid-length, intermediate and rifle lengths, and each tube is made right here in the USA.

## Attributes

- Name: [CMC TRIGGERS GAS TUBE RIFLE LENGTH NITRIDE BLACK](#)
- Manufacturer: [CMC TRIGGERS](#)
- Product no.: 207000093
- Mfr. No.: 81625
- Finish: Black Nitride
- Gas System Length: Rifle
- Material: Stainless Steel
- Weapon type: AR-15
- Delivery weight: 0.091kg
- Shipping height: 3mm
- Shipping width: 25mm
- Shipping length: 381mm
- UPC: 859464006345

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for AR15 Nitride Gas Tubes

## Introduction

Welcome to the safety instruction guide for the AR15 Nitride Gas Tubes manufactured by CMC Triggers. This guide provides essential safety information to ensure the safe use and installation of your gas tube. It complies with the EU General Product Safety Regulation (GPSR) to protect consumers and promote safe practices.

## General Safety Guidelines

- Ensure that all safety precautions are followed when handling and installing the gas tube.
- Always read and understand the manufacturer's instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear, damage, or corrosion on the gas tube.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not use the gas tube if it is damaged or shows signs of wear.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling the gas tube.
- Ensure that the gas tube is installed correctly to avoid malfunctions.
- Only use the gas tube with compatible AR15 systems as specified by the manufacturer.
- Avoid exposure to extreme temperatures and harsh chemicals that could damage the gas tube.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation.
- Ensure that your workspace is clean and free of obstructions.
- Read the installation instructions provided by CMC Triggers.

### 2. Installation Steps:

- Ensure the firearm is unloaded and safe to work on.
- Remove the old gas tube if applicable, following the manufacturer's guidelines.
- Align the new AR15 Nitride Gas Tube with the gas block and ensure a snug fit.
- Secure the gas tube using the appropriate hardware as specified in the installation instructions.
- Doublecheck all connections to ensure they are tight and secure.

### 3. PostInstallation:

- Conduct a function check of your firearm to ensure proper operation.
- Regularly inspect the gas tube for signs of wear or damage after use.

## Disposal Instructions

- Dispose of the gas tube in accordance with local regulations for metal waste.
- Do not dispose of the gas tube in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the AR15 Nitride Gas Tubes, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for choosing CMC Triggers. Your safety is our priority.
