

DROP-IN TRIGGER KIT FOR GLOCK - CMC TRIGGERS DROP-IN TRIGGER KIT FOR GLOCK 45 CAL GEN 1-3 BLACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Ultra-Crisp Trigger, Glass Smooth Break

Bringing a wealth of knowledge and experience from its presence in the aftermarket for AR-15 triggers, CMC Triggers entered the handgun market with a modified trigger unit for one of the world's most-popular handgun designs: the Glock. Each CMC Glock Replacement Trigger provides owners with a drop-in unit designed to instantaneously enhance the performance of their gun's trigger. The CMC Triggers Glock Replacement Trigger is a complete unit that features OEM internals, including a Glock OEM trigger bar, springs and housing. However, the design features a flat-faced trigger shoe with a hooked bottom that reduces pull weight by two pounds over the OEM design. The trigger is constructed from a combination of 8620 alloy steel and S7 tool steel and features a positive trigger reset.

Attributes

Safety Instruction Guide for DROPIN TRIGGER KIT FOR GLOCK CMC TRIGGERS

Introduction

Thank you for choosing the DROPIN TRIGGER KIT FOR GLOCK CMC TRIGGERS. This guide provides important safety instructions and guidelines to ensure the safe use and installation of your trigger kit. Please read this manual carefully before use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure you are familiar with your firearm's operation and safety features.
- Store the trigger kit and your firearm in a secure place, away from children and unauthorized users.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Be aware of your surroundings and ensure you are in a safe environment when using your firearm.
- Regularly check for any recalls or safety alerts related to your product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Only use this trigger kit with Glock models specified in the product description.
- Do not attempt to modify or alter the trigger kit in any way.
- Ensure that the firearm is unloaded before installation or maintenance.
- Follow all local laws and regulations regarding firearm modifications and usage.
- If you experience any malfunctions or issues with the trigger kit, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a small hammer.

2. Remove the Existing Trigger:

- Disassemble the Glock according to the manufacturer's instructions.
- Remove the existing trigger by carefully driving out the trigger pin using the punch tool.

3. Install the CMC Trigger:

- Align the CMC trigger with the trigger housing.
- Insert the trigger pin through the trigger and housing, ensuring it is properly seated.

4. Reassemble the Firearm:

- Follow the manufacturer's instructions to reassemble the Glock.
- Conduct a function check to ensure the trigger operates correctly.

Usage Instructions

- Always perform a safety check before using your firearm.

- Ensure your grip is firm and your stance is stable when firing.
- Maintain focus on your target and be aware of your surroundings.
- After use, clean and maintain your firearm according to the manufacturer's guidelines.

Disposal Instructions

- Dispose of the trigger kit and any packaging materials in accordance with local regulations.
- Do not dispose of in regular household waste if it contains hazardous materials.
- Consider recycling options available in your area for metal and plastic components.
