[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

America's favorite rimfire rifle just got better! Introducing the CMC 10/22® Trigger. The Ruger® 10/22® has long been America's favorite rimfire rifle. The CMC 10/22® trigger is a drop in, self-contained trigger pack that is easy to install. Available in a Flat and Curved (CCT) bow design with a 3.5lb factory pre-set, non adjustable trigger pull weight. New textured bolt hold open button with auto drop function instead of the traditional lever commonly found Ruger® 10/22® rifles. It also features a fully ambidextrous textured magazine release paddle for quicker magazine changes. The CMC 10/22® Trigger utilizes the most advanced manufacturing and quality control techniques. CNC-machined from a single piece of aluminum billet. The coating is rust-resistant and corrosion-proof. The use of aluminum and precision CNC machining allows for greater internal clearance. This clearance reduces drag and friction and provides a smoother felt pull. This trigger is extremely well made, much more durable than the standard stock Ruger® trigger and includes CMC's Satisfaction Guarantee and Lifetime Warranty. FEATURES: Single stage Available Pull Weights: 3.5lb Trigger pull is factory pre-set and not user adjustable Enhanced Bolt Hold Open Button Auto drop bolt hold open Captured ejector Fully ambidextrous magazine release with paddle release lever and textured controls CMC's critical sear engagement surfaces have a proprietary machining process that renders superior surface finish and dimensional control. As compared to their competition, the techniques used to establish a 1-2 RMS surface finish as opposed to EDMing which leaves a pitty 32 RMS, compared to a mirror which is 0 RMS. Ultra-crisp trigger with no feel of creep prior to hammer release The trigger has a glass-smooth break with no feel of grittiness Minimal lock time is designed into the assembly using controlled hammer weight and balance activated by a rocket wire hammer spring, assuring repeatable function with either commercial or military grade ammunition Positive trigger reset allows a quick follow up shot on target Hand assembled, and hand tested Made from 8620 Alloy Steel and S7 Tool Steel with machined tolerances of +/- .001" Totally self-contained one-piece assembly

# RUGER 10/22® MATCH GRADE TRIGGER SAFETY INSTRUCTIONS

## Introduction

Congratulations on your purchase of the CMC RUGER 10/22® Match Grade Trigger. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new trigger. Please read this manual thoroughly before installation and use.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of firearms.
- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and ammunition securely and out of reach of children.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Be aware of your surroundings and ensure that you have a clear line of sight when firing.
- Regularly inspect your trigger and firearm for wear and damage.

## Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 years and older. Ensure that minors are supervised by a responsible adult when handling firearms.
- **Installation Safety:** Always ensure the firearm is unloaded before installing the trigger. Doublecheck that the chamber is clear.
- **Trigger Pull Weight:** The CMC 10/22® trigger has a preset pull weight of 3.5 lbs. Familiarize yourself with this weight before use to prevent accidental discharges.
- **Ambidextrous Features:** The trigger includes ambidextrous features. Ensure that you are comfortable using these features in your preferred shooting stance.
- **Proper Maintenance:** Regularly clean and maintain your trigger to ensure optimal performance and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and the chamber is clear.
- Gather necessary tools: screwdriver, cleaning cloth, and any other required tools as per your firearm's manual.

### 2. Installation:

- Remove the stock from the Ruger 10/22®.
- Locate the trigger assembly and carefully remove it from the firearm.
- Follow the manufacturer's instructions to install the CMC 10/22® Match Grade Trigger. Ensure it is securely fitted.
- Reassemble the firearm, ensuring all components are properly aligned and secured.

### 3. Testing:

- After installation, conduct a function check to ensure the trigger operates correctly.
- Test the trigger in a safe environment, ensuring it functions as expected without any issues.

#### 4. Usage:

- When using the firearm, maintain focus and control.
- Be aware of the trigger's sensitivity and pull weight to avoid unintentional discharges.
- Follow all standard firearm safety protocols during use.

## Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If you need to dispose of the trigger or firearm, contact your local waste management facility for guidance on safe disposal methods.

## Contact Information for Further Support

For safety inquiries or additional support regarding the CMC RUGER 10/22® Match Grade Trigger, please refer to the product packaging or visit the manufacturer's website for contact details.

By following these safety instructions, you can ensure a safe and enjoyable experience with your CMC RUGER 10/22® Match Grade Trigger. Always prioritize safety and responsible firearm handling.
