COATED ROD ADAPTERS DEWEY 22A 832 TO 836

Safety Instruction Guide

Introduction

Thank you for choosing the COATED ROD ADAPTERS DEWEY 22A 832 TO 836. These adapters are designed to enhance the functionality of your Dewey cleaning rods by allowing compatibility with various accessories. This guide provides essential safety instructions and usage information to ensure a safe and effective experience.

General Safety Guidelines

- Ensure all products are used in accordance with the manufacturer's instructions.
- Inspect all adapters before use for any signs of damage or wear.
- Store adapters in a dry, safe place away from children and pets.
- Use only compatible accessories with the adapters to avoid accidents.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility:** Only use the adapters with Dewey cleaning rods and compatible accessories as specified in the product description.
- **Avoid OverTightening:** When connecting accessories, do not overtighten as this may damage the threads or the adapter.
- **Monitor for Wear:** Regularly check the adapters for signs of wear, such as cracks or deformities, and discontinue use if any are found.
- **Keep Away from Children:** These products are not toys. Keep them out of reach of children to prevent accidental injury.
- **Use Proper Techniques:** Follow recommended cleaning techniques to prevent damage to your equipment and ensure safety during use.

Instructions for Installation and Usage

1. Installation:

- Identify the male and female ends of the adapter.
- Align the threads of the adapter with the corresponding threads of the cleaning rod or accessory.
- Gently screw the adapter onto the rod or accessory until secure, but do not overtighten.

2. Usage:

- Once the adapter is securely attached, proceed with the cleaning process as per the instructions for the cleaning rod and accessory being used.
- If using the 22A adapter, ensure that you are adapting from 832 female threads to 836 male threads for compatibility with civilian rods.
- For the 22SA adapter, connect 832 rods to 5/16"27 bore mops and brushes as needed.

3. PostUse:

- After use, carefully unscrew the adapter from the cleaning rod or accessory.
- Clean the adapter with a soft, dry cloth to remove any residue.
- Store the adapter in a safe, dry location.

Disposal Instructions

- Dispose of any damaged or worn adapters in accordance with local regulations.
- Do not dispose of adapters in household waste. Instead, consider recycling options available in your area.
- Ensure that all parts are disposed of safely to prevent harm to the environment or wildlife.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the COATED ROD ADAPTERS DEWEY 22A 832 TO 836, please reach out to the manufacturer's customer service or visit their official website for more information.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your COATED ROD ADAPTERS DEWEY 22A 832 TO 836. Thank you for your attention to safety!
