

SHOTGUN PORT CLEANING BRUSH - DEWEY REPLACEMENT BRUSH 6-PAK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Specialty Cleaning Brushes](#)

Compact; Gets Barrel Ports Clean Fast

Stainless steel brushes have the tough cleaning power to quickly loosen plastic wad residue and carbon fouling. Large, easy-to-grasp handle lets you get fouled barrel ports clean with minimal effort. Works great to remove carbon buildup around revolver forcing cones, cylinder face and other tight-to-reach areas on rifles and handguns. Supplied with three brushes, refill 6-paks available.

SHOTGUN PORT CLEANING BRUSH DEWEY REPLACEMENT BRUSH 6PAK Safety Instructions

Introduction

Thank you for choosing the SHOTGUN PORT CLEANING BRUSH DEWEY REPLACEMENT BRUSH 6PAK. This product is designed to assist you in effectively cleaning firearms while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the cleaning brushes are used only for their intended purpose.
- Keep the cleaning brushes out of reach of children and pets.
- Always handle firearms in a safe manner, following all relevant safety protocols.
- Inspect the cleaning brushes before each use for any signs of wear or damage.
- Store the brushes in a dry place to prevent rust and deterioration.
- If you experience any discomfort or adverse reactions while using the brushes, discontinue use immediately.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before cleaning.
- Use the brushes with caution to avoid injury to yourself or damage to the firearm.
- Do not apply excessive force when using the brushes to prevent breakage.
- Avoid using the brushes on sensitive or delicate areas of the firearm that may be damaged.
- If cleaning near the firing mechanism, take extra care to avoid accidental discharge.

Instructions for Installation and Usage

1. Preparation

- Ensure that you are in a welllit and clean area to perform the cleaning.
- Gather all necessary materials, including the cleaning brushes and any additional cleaning supplies you may need.

2. Using the Brushes

- Select the appropriate brush size for the area you wish to clean.
- Firmly grasp the handle of the brush.
- Insert the brush into the barrel port or the area you intend to clean.
- Gently twist and pull the brush to remove any residue or fouling.
- Repeat as necessary until the area is clean.

3. After Use

- Clean the brushes after each use to remove any debris or residue.
- Store the brushes in a safe and dry location.

Disposal Instructions

- Dispose of any damaged or worn brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they are made of materials that require special handling.

- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries related to safety or product concerns, please contact the manufacturer or your local distributor. Ensure that you have the product information available when seeking assistance.

Thank you for following these safety guidelines. Your safety and the safe use of this product are our top priority.
