

# COPPER ELIMINATOR RIFLE CLEANING RODS - DEWEY .27 & LARGER CAL. ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning rods, brushes, jags, and adapters have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Top-quality steel rods have the same tough, nylon outer coating and ball-bearing smooth rotating handle as standard Dewey rods, with an 8-32 female threaded aluminum ferrule. Each rod comes with an aluminum Copper Eliminator jag.

## Attributes

- Name: [DEWEY .27 & LARGER CAL. ROD](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000087
- Mfr. No.: 30CA-36
- Caliber: 270/6.8 mm (.277), 284/7 mm (.284), 30 Caliber (.308), 7.62x39 (.310), 303/7.7 mm (.311-.312)
- Material: Aluminum
- Style: Rifle
- Delivery weight: 0.277kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 991mm
- UPC: 608060000383

# Safety Instruction Guide for COPPER ELIMINATOR RIFLE CLEANING RODS

## Introduction

Thank you for choosing the COPPER ELIMINATOR RIFLE CLEANING RODS by DEWEY. This guide provides essential safety instructions to ensure the safe and effective use of your cleaning rods. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that the rifle is unloaded before using cleaning rods.
- Keep cleaning rods and accessories out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose—cleaning firearms.
- Regularly inspect cleaning rods for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from sharp components.
- Risk of damage to firearm if used improperly.

- **Avoiding Hazards:**

- Always handle cleaning rods with care to avoid injury.
- Do not force the cleaning rod through the bore; this may cause damage.
- Ensure that the cleaning rod is compatible with your firearm's caliber.
- Use appropriate cleaning solvents and materials that are safe for use with aluminum components.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including cleaning solvent, patches, and brushes.

### 2. Using the Cleaning Rod:

- Attach the appropriate jag or brush to the end of the cleaning rod using the 832 female threads.
- Apply the cleaning solvent to the patch or brush.
- Gently insert the cleaning rod into the bore from the chamber end, ensuring a straight entry.
- Push the rod through the bore, then pull it back out carefully. Do not twist or force the rod.
- Repeat the process as necessary, using fresh patches or brushes as needed.

### 3. PostCleaning:

- After cleaning, inspect the bore for any remaining fouling.
- Store the cleaning rod and accessories in a safe, dry place away from children.

## **Disposal Instructions**

- Dispose of used cleaning patches and solvents according to local regulations.
- Do not dispose of cleaning rods in regular household waste if they are damaged. Contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of COPPER ELIMINATOR RIFLE CLEANING RODS, please refer to the manufacturer's website or customer support resources.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your COPPER ELIMINATOR RIFLE CLEANING RODS. Thank you for your attention to safety and responsible firearm maintenance.
