

# COPPER ELIMINATOR MALE-THREAD JAGS - DEWEY .17 CAL. 5-40 THREAD MALE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning jags have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Pure aluminum jags are specifically designed for use on Copper Eliminator rods to maintain the full integrity of the CE system. They can also be used on other rods with the same female thread patterns.

## Attributes

- Name: [DEWEY .17 CAL. 5-40 THREAD MALE JAG](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000090
- Mfr. No.: 17JMA
- Caliber: 17 Caliber
- Style: -
- Delivery weight: 0.005kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 608060000239

# **Safety Instruction Guide for COPPER ELIMINATOR MALETHREAD JAGS DEWEY .17 CAL. 540 THREAD MALE JAG**

## **Introduction**

Thank you for choosing the Copper Eliminator MaleThread Jags Dewey .17 Cal. 540 Thread Male Jag. This product is designed for cleaning firearms effectively while ensuring safety and quality. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Always use the product as intended and according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during cleaning.
- Store the product in a dry, cool place away from direct sunlight and heat sources.
- Be aware of the potential hazards associated with cleaning solvents and chemicals.

## **Specific Safety Precautions for Use**

- Ensure that the firearm is unloaded before using the cleaning jag.
- Avoid using ammoniabased solvents with brass components to prevent chemical reactions.
- Do not force the jag into the bore; it should fit snugly without excessive pressure.
- If you notice any unusual resistance while using the jag, stop immediately and check for obstructions.
- Dispose of used patches and cleaning materials according to local regulations.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning materials, including the Copper Eliminator Jag, cleaning rod, and cleaning solvent.

### **2. Installation:**

- Attach the Copper Eliminator Jag to the cleaning rod by aligning the malethread of the jag with the femalethread of the rod.
- Turn the jag clockwise until securely fastened.

### **3. Usage:**

- Dampen a cleaning patch with the appropriate cleaning solvent.
- Insert the cleaning patch onto the jag.
- Gently insert the jag into the bore of the firearm.
- Pull the jag through the bore in a smooth motion. Do not twist or force the jag.
- Repeat as necessary until the bore is clean.
- After use, remove the jag from the rod and clean it thoroughly.

## **Disposal Instructions**

- Dispose of the Copper Eliminator Jag and any cleaning patches in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it is contaminated with hazardous materials.
- For any remaining cleaning solvents, follow the manufacturer's disposal instructions.

## **Contact Information for Further Support**

For any questions or concerns regarding the Copper Eliminator MaleThread Jags, please refer to the manufacturer's website or customer support for assistance. Additionally, keep updated on product recalls and safety alerts through the EU Safety Gate platform.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Copper Eliminator MaleThread Jag. Thank you for your attention to safety!
