

# COPPER ELIMINATOR MALE-THREAD JAGS - DEWEY .20 CAL. 5-40 THREAD MALE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning jags have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Pure aluminum jags are specifically designed for use on Copper Eliminator rods to maintain the full integrity of the CE system. They can also be used on other rods with the same female thread patterns.

## Attributes

- Name: [DEWEY .20 CAL. 5-40 THREAD MALE JAG](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000091
- Mfr. No.: 20JMA
- Caliber: 20 Caliber
- Style: -
- Delivery weight: 0.005kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 608060000246

# Copper Eliminator MaleThread Jags Safety Instruction Guide

## Introduction

Thank you for choosing the Copper Eliminator MaleThread Jags by Dewey. This product is designed to enhance your cleaning experience while ensuring safety and efficiency. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is cleaning firearm bores.
- Always handle cleaning jags with care to prevent injury.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the jags before each use for any signs of damage or wear. Do not use if damaged.
- Use only compatible cleaning rods with the jags to ensure proper function and safety.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- Avoid using jags with ammoniabased solvents to prevent chemical reactions that may compromise safety.
- Do not exceed recommended cleaning rod lengths to avoid potential injury or damage to the firearm.
- Always wear appropriate safety gear, such as gloves and safety glasses, when cleaning firearms.
- Ensure that the firearm is unloaded and pointed in a safe direction before starting the cleaning process.
- Do not leave cleaning supplies unattended, especially in the presence of children or pets.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe area for cleaning.
- Gather all necessary cleaning supplies, including the Copper Eliminator MaleThread Jags and compatible cleaning rods.

### 2. Installation:

- Attach the Copper Eliminator MaleThread Jag to the cleaning rod by aligning the male thread with the female thread on the rod.
- Twist the jag onto the rod until it is securely fastened.

### 3. Usage:

- Apply a suitable cleaning solvent to the jag or directly into the bore.
- Insert the jag into the bore gently, taking care not to force it.
- Use smooth, even strokes to clean the bore, ensuring that the jag moves freely.
- After cleaning, remove the jag from the bore and clean it with a suitable solvent to prevent residue buildup.
- Store the jags in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of any used cleaning solvents and materials according to local regulations for hazardous waste.
- Do not dispose of the Copper Eliminator MaleThread Jags in regular household waste.
- Consider recycling the aluminum components where facilities are available.

## **Contact Information for Further Support**

For any inquiries regarding the Copper Eliminator MaleThread Jags, including safety concerns or product issues, please reach out to your local dealer or the manufacturer. Ensure that you have your product details ready for a more effective response.

Thank you for choosing our product. We hope it enhances your cleaning experience while ensuring your safety and satisfaction. Always consult this guide for reference and follow all safety instructions provided.
