

# COPPER ELIMINATOR MALE-THREAD JAGS - DEWEY 6.5MM/7MM/.280/.284 CAL. 8-32 THREAD MALE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning jags have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Pure aluminum jags are specifically designed for use on Copper Eliminator rods to maintain the full integrity of the CE system. They can also be used on other rods with the same female thread patterns.

## Attributes

- Name: [DEWEY 6.5MM/7MM/.280/.284 CAL. 8-32 THREAD MALE JAG](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000094
- Mfr. No.: 6.5JMA
- Caliber: 264 Caliber,284 Caliber,6.5mm,7mm
- Style: Rifle
- Delivery weight: 0.005kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 608060000277

## Safety Instruction Guide

### Introduction

Thank you for choosing the COPPER ELIMINATOR MALETHREAD JAGS by DEWEY. This product is designed to provide effective cleaning for your firearms while ensuring safety during use. Please read this safety instruction guide thoroughly to understand the proper handling, usage, and disposal of this product.

### General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure that the cleaning jags are suitable for your specific firearm caliber.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Inspect the cleaning jags for any damage before each use. Do not use if damaged.
- Use only with compatible cleaning rods that have the appropriate female thread patterns.
- Avoid using ammoniabased solvents with brass components to prevent chemical reactions.
- Ensure a safe and stable environment when cleaning your firearm to prevent accidents.
- Do not attempt to modify or alter the cleaning jags in any way.

### Instructions for Installation and Usage

#### 1. Selecting the Right Jag:

- Ensure you have the correct jag for your firearm caliber: 6.5mm, 7mm, .280, or .284 Caliber.
- Check that the threaded end of the jag matches the cleaning rod's female thread (832 thread).

#### 2. Attaching the Jag:

- Align the jag with the cleaning rod's female thread.
- Turn the jag clockwise until it is securely fastened. Do not overtighten.

#### 3. Using the Jag:

- Apply a suitable cleaning patch to the jag.
- Insert the jag into the bore of the firearm gently.
- Pull the cleaning rod back to remove the jag and patch from the bore.
- Repeat as necessary until the bore is clean.

#### 4. PostUse Care:

- Clean the jag after use with a suitable solvent to remove any residue.
- Store the jag in a safe, dry place away from children.

### Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum waste.

- Do not dispose of the product in household waste.
- If the product is damaged or no longer usable, ensure it is recycled properly to minimize environmental impact.

## **Contact Information for Further Support**

For any questions regarding safety, usage, or concerns about the COPPER ELIMINATOR MALETHREAD JAGS, please refer to the manufacturer's contact points available on the product packaging or official website.
