

# COPPER ELIMINATOR MALE-THREAD JAGS - DEWEY .30/8MM CAL. 8-32 THREAD MALE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning jags have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Pure aluminum jags are specifically designed for use on Copper Eliminator rods to maintain the full integrity of the CE system. They can also be used on other rods with the same female thread patterns.

## Attributes

- Name: [DEWEY .30/8MM CAL. 8-32 THREAD MALE JAG](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000095
- Mfr. No.: 30JMA
- Caliber: 30 Caliber, 8mm
- Style: -
- Delivery weight: 0.005kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 608060000284

# **Safety Instruction Guide for COPPER ELIMINATOR MALETHREAD JAGS DEWEY .30/8MM CAL. 832 THREAD MALE JAG**

## **Introduction**

Thank you for choosing the Copper Eliminator MaleThread Jags by Dewey. This product is designed to help you clean your firearms effectively while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## **General Safety Guidelines**

- Always handle cleaning jags with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that the cleaning area is wellventilated.
- Do not use the product near open flames or high heat sources.
- Regularly inspect the product for wear and tear before use.
- Store the cleaning jags in a cool, dry place when not in use.

## **Specific Safety Precautions for Use**

- Use only with compatible cleaning rods that have the same female thread patterns.
- Avoid using ammoniabased solvents with other materials that may react negatively.
- Do not force the jag into the bore; ensure it fits properly to prevent damage.
- Always wear protective eyewear when cleaning firearms to protect against debris.
- Follow the manufacturer's instructions for cleaning solvents to avoid chemical reactions.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Copper Eliminator jag and cleaning rod.

### **2. Installation:**

- Align the jag with the cleaning rod's female thread.
- Screw the jag onto the cleaning rod clockwise until securely fastened.

### **3. Usage:**

- Apply the appropriate cleaning solvent to the patch or jag.
- Insert the jag into the bore gently, ensuring it fits snugly.
- Pull the jag through the bore slowly and steadily.
- Repeat the process as necessary, checking the patch for signs of fouling.

### **4. PostCleaning:**

- Carefully remove the jag from the bore.
- Clean the jag with appropriate solvents and store it properly.
- Dispose of used patches and solvents according to local regulations.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal and cleaning supplies.
- Do not throw the product in regular household waste.
- Check with local authorities for specific disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or support related to the Copper Eliminator MaleThread Jags, please reach out to the appropriate support channels. Ensure that you have your product details ready for reference.

By following these guidelines and instructions, you can ensure safe and effective use of the Copper Eliminator MaleThread Jags. Thank you for prioritizing safety while maintaining your firearms.
