

# COPPER ELIMINATOR FEMALE-THREAD JAGS - DEWEY .22/.223/.224 CAL. 8-36 THREAD FEMALE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## All-Aluminum Components Eliminate "False-Positive Copper Fouling Indications

Cleaning jags have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Female-threaded aluminum jags fit standard Dewey nylon-coated rods to extend some of the Copper Eliminator system's benefits to your existing rod.

## Attributes

- Name: [DEWEY .22/.223/.224 CAL. 8-36 THREAD FEMALE JAG](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000096
- Mfr. No.: 22JA
- Caliber: 22 Caliber
- Delivery weight: 0.005kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 608060000222

# Safety Instruction Guide for COPPER ELIMINATOR FEMALETHREAD JAGS

## Introduction

Thank you for choosing the COPPER ELIMINATOR FEMALETHREAD JAGS. This product is designed to assist in the effective cleaning of your firearm, helping to ensure its optimal performance and longevity. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a cleaning jag for firearms.
- Always follow the manufacturer's instructions for use and care.
- Inspect the product before each use. Do not use if damaged or worn.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with compatible Dewey malethreaded rods.
- Avoid using excessive force during cleaning to prevent damage to the bore or muzzle.
- Do not use the jag with ammoniabased solvents to prevent chemical reactions that could damage the product or your firearm.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using cleaning solvents.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the Dewey malethreaded rod is clean and free from debris.
- Align the femalethreaded end of the Copper Eliminator jag with the malethreaded rod.
- Rotate the jag clockwise until it is securely attached. Do not overtighten.

### 2. Usage

- Apply an appropriate cleaning solvent to the cleaning patch or directly onto the jag.
- Insert the jag into the bore of the firearm gently.
- Pull the jag through the bore in a smooth, steady motion. Repeat as necessary until the bore is clean.
- After use, remove the jag from the rod by rotating it counterclockwise.

### 3. PostUse Care

- Clean the jag with a suitable solvent and dry it thoroughly after each use.
- Store the jag in a cool, dry place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding aluminum and cleaning materials.
- Do not dispose of the product in household waste. Check for local recycling programs that accept

aluminum components.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of the COPPER ELIMINATOR FEMALETHREAD JAGS and maintain the integrity of your firearm. Thank you for your attention to these important safety instructions.
