

# COPPER ELIMINATOR BORE BRUSHES - DEWEY 22 CALIBER 8-32M BORE BRUSH 12/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning brushes have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Nylon bristles wound around an aluminum core and male-threaded aluminum coupling are completely brass-free to eliminate false-positive blue-green indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes. Dense nylon bristles give plenty of scrubbing power, yet are extremely gentle on the rifling. .17 and .20 caliber brushes with 5-40 threads extend the benefits of the Copper Eliminator system to your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Dewey Copper Eliminator rods.

## Attributes

- Name: [DEWEY 22 CALIBER 8-32M BORE BRUSH 12/PACK](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000108
- Mfr. No.: B22NA
- Caliber: 22 Caliber (.223-.224)
- Style: Rifle
- Quantity: 12
- Delivery weight: 0.036kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 102mm

# Safety Instruction Guide for COPPER ELIMINATOR BORE BRUSHES

## Introduction

Thank you for choosing the Copper Eliminator Bore Brushes by Dewey. These cleaning brushes are designed to provide a safe and effective way to maintain your firearm's bore. This guide outlines important safety instructions, general guidelines, and proper usage to ensure a safe experience.

## General Safety Guidelines

- Always use the Copper Eliminator Bore Brushes as directed in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the brushes before each use for any signs of damage or wear.
- Do not use the brushes with ammoniabased solvents if they show signs of wear.
- Report any unsafe product experiences to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before using the bore brush.
- Avoid using excessive force when scrubbing to prevent damage to the bore.
- Do not mix different cleaning chemicals; follow the manufacturer's recommendations.
- Always wear safety goggles to protect your eyes from potential splashes or debris.
- Store the brushes in a cool, dry place away from direct sunlight.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the Copper Eliminator Bore Brush, cleaning rod, and appropriate solvents.

### 2. Installation

- Attach the Copper Eliminator Bore Brush to the cleaning rod by screwing it onto the malethreaded aluminum coupling.
- Ensure that the connection is secure but do not overtighten.

### 3. Usage

- Apply a small amount of cleaning solvent to the brush.
- Insert the brush into the bore from the chamber end, if applicable.
- Gently scrub the bore using a backandforth motion. Avoid excessive force.
- Remove the brush and clean any residue from the firearm's bore.
- Inspect the bore for cleanliness. Repeat if necessary.

### 4. PostUse Care

- Clean the brush with warm soapy water and allow it to dry completely.
- Store the brush in a protective case or in a dry area to prevent damage.

## **Disposal Instructions**

- Dispose of any worn or damaged brushes according to local regulations.
- Do not dispose of the brushes in regular household waste if they contain hazardous materials.
- Check with local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the Copper Eliminator Bore Brushes, please refer to the contact information provided on the packaging or consult the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Copper Eliminator Bore Brushes. Thank you for your attention to these guidelines.
