

# COPPER ELIMINATOR BORE BRUSHES - DEWEY 30-8MM 8-32M BORE BRUSH 12/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning brushes have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Nylon bristles wound around an aluminum core and male-threaded aluminum coupling are completely brass-free to eliminate false-positive blue-green indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes. Dense nylon bristles give plenty of scrubbing power, yet are extremely gentle on the rifling. .17 and .20 caliber brushes with 5-40 threads extend the benefits of the Copper Eliminator system to your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Dewey Copper Eliminator rods.

## Attributes

- Name: [DEWEY 30-8MM 8-32M BORE BRUSH 12/PACK](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000111
- Mfr. No.: B30NA
- Caliber: 30 Caliber (.308), 8 mm (.323)
- Style: Rifle
- Quantity: 12
- Delivery weight: 0.036kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 102mm

# COPPER ELIMINATOR BORE BRUSHES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the COPPER ELIMINATOR BORE BRUSHES by DEWEY. This guide is designed to provide you with essential safety instructions and usage guidelines to ensure a safe and effective experience with our product. Please read this document carefully before use.

## General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the brushes for any signs of wear or damage before each use.
- Use the product in a wellventilated area to avoid inhalation of any fumes or particles.
- Do not use the brushes with ammoniabased solvents if they show signs of damage.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before cleaning.
- Avoid using excessive force when scrubbing to prevent damage to the bore.
- Handle the brushes with care to avoid injury from the bristles or sharp edges.
- Be aware of the potential for bluegreen stains on cleaning patches, which may indicate copper fouling.
- Do not mix cleaning solutions; use only recommended solvents with the brushes.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the COPPER ELIMINATOR BORE BRUSHES, cleaning solvent, and a cleaning rod.

### 2. Installation:

- Select the appropriate bore brush based on the caliber of your firearm (30 Caliber or 8 mm).
- Attach the brush to the cleaning rod by screwing it into the malethreaded aluminum coupling.

### 3. Usage:

- Apply a small amount of cleaning solvent to the brush.
- Insert the brush into the bore of the firearm.
- Gently scrub the bore using a backandforth motion. Avoid excessive force to prevent scratches.
- After cleaning, remove the brush and inspect it for any debris or damage.

### 4. PostCleaning:

- Wipe down the bore with a clean patch to remove any remaining solvent or debris.
- Store the brushes in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any worn or damaged brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they contain hazardous materials.
- Consider recycling options for aluminum components where available.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the COPPER ELIMINATOR BORE BRUSHES, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority.
